Anna Katharina Schaffner

International Bestseller Self Help:

Self Help Success Gabriel Barnes, AI, 2025-02-19 Self Help Success explores the booming self help industry analyzing why some books become bestsellers while others don't. It examines the genre's growth, the readers it attracts, and the market forces at play. The book reveals intriguing facts such as how a book's triumph depends not just on its content but on effectively meeting a societal need and smart marketing. Did you know that publishing infrastructure and promotional strategies also significantly boost a book's chances? This book uniquely uses publishing research and data to understand the industry, unlike subjective analyses. Starting with the historical roots of self help and moving to reader psychology, it then dives into publishing acquisitions and marketing. Case studies of both hits and misses offer tangible lessons. Overall, Self Help Success provides a framework for authors, publishers, and readers to understand what makes these books succeed, offering insights into self improvement and business strategies. *The Art of Self-Improvement* Anna Katharina

Schaffner, 2021-01-01 A brilliant distillation of the key ideas behind successful self improvement practices throughout history, showing us how they remain relevant today. Schaffner finds more in contemporary self improvement literature to admire than criticize. A revelatory book. Kathryn Hughes, Times Literary Supplement. Self help today is a multi billion dollar global industry, one often seen as a by product of neoliberalism and capitalism. Far from being a recent phenomenon, however, the practice of self improvement has a long and rich history extending all the way back to ancient China. For millennia, philosophers, sages, and theologians have reflected on the good life and devised strategies on how to achieve it. Focusing on ten core ideas of self improvement that run through the world's advice literature, Anna Katharina Schaffner reveals the ways they have evolved across cultures and historical eras, and why they continue to resonate with us today. Reminding us that there is much to learn from looking at time honed models, Schaffner also examines the ways that self improvement practices provide powerful barometers of the values, anxieties, and aspirations that preoccupy us at particular moments in time, and expose basic assumptions about our purpose and nature. Lodestar Jim McCann, George S. Everly, 2024-09-24 The book Lodestar

explores ten timeless pillars of success, guiding readers through key principles for personal and professional growth. *How To Be Your Own Management Guru* Morgen Witzel, 2010-04 How smart a manager are you?
