Another Stereotype Bites The Dust A Candorville Collection:

Another Stereotype Bites the Dust Darrin Bell, 2006-09 Darrin Bell's Candorville is an insightful comic strip for today's world. Brutally honest but still evenhanded, Candorville takes on some of society's toughest issues, giving readers something to think about as well as smirks, chuckles, and guffaws. Another Stereotype Bites the Dust is a collection of creator Darrin Bell's Candorville cartoon strip. In this thought-provoking strip, Bell uses a diverse group of friends to paint a real yet humorous portrait of inner-city America. An educated underachiever, Lemont Brown, is an aspiring writer. Socially conscious, he wants to work at changing the world and infusing it with wisdom and justice if only he could pay his rent. Lemont's childhood friend Susan Garcia is a book-smart and street-savvy Mexican American woman who won't let bigotry or any glass ceiling keep her down. And Lemont's friend Clyde aka C Dog is a streetwise thug and undiscovered rapper who'd rather mooch off his mother than get a job. Another Stereotype Bites the Dust deals with some tough issues: poverty, homelessness, racism, and personal responsibility, with knowing irony and incisive satire. Bell uses edgy dialogue and modern situations to jab everything from political correctness to political spinning, from political hindsight to office politics, making it a hit with the socially aware.

Bad Men Howard Rambsy II., 2020-04-01 How have African American writers drawn on bad black men and black boys as creative touchstones for their evocative and vibrant art? This is the question posed by Howard Rambsy's new book, which explores bad men as a central recurring and understudied figure in African American literature and music. By focusing on how various iterations of the bad black man figure serve as creative muse and inspiration for literary production, Rambsy puts a wide variety of contemporary African American literary and cultural works in conversation with creativity research for the first time. Employing concepts such as playfulness, productivity, divergent thinking, and problem finding, Rambsy examines the works of a wide range of writers, including Elizabeth Alexander, Amiri Baraka, Paul Beatty, Ta-Nehisi Coates, Tyehimba Jess, Trymaine Lee, Adrian Matejka, Aaron McGruder, Evie Shockley, and Kevin Young, who have drawn on notions of bad black men and boys to create innovative and challenging works in a variety of genres. Through groundbreaking readings, Rambsy demonstrates the fruitfulness of viewing black literary art through the lens of creativity research.
