G. Dunn, John William Rogerson, 2003-11-19 2ND COPY AVAILABLE FOR LOAN Applied Old Testament Commentary Tom Hale, Steve Thorson, 2012-12-10 The wisdom found in God's Word is timeless as relevant today as when it was first written. And the challenge for believers remains unchanged: how do we apply these truths to our everyday world? The Applied Commentary series is a fresh approach to Bible study connecting great wisdom with your life today. Each Scripture passage is enhanced with insights on key themes and ideas. Featured articles provide a deeper look at essential concepts while the contemporary language allows for easy reading. And because some subjects are open to interpretation for discussion, we've included perspectives from leading theologians from all backgrounds and denominations. The result: An interactive approach to Scripture that will challenge your ideas and build your faith, which is what reading the Bible is all about. **Ruth** Havilah Dharamraj, 2019-10-31 This commentary presents the book of Ruth through a uniquely Asian lens that helps bring out the nuances of this Old Testament text that are often missed or misunderstood. The deep and skillful exegesis presented will satisfy a scholarly reader yet the language used is accessible enough for lay preachers and teachers to understand, appreciate, and use. This commentary brings the text to life. Ruth is no longer a story in a time long gone but one that effortlessly unfolds right in front of your eyes. The Asia Bible Commentary Series empowers Christian believers in Asia to read the Bible from within their respective contexts. Holistic in its approach to the text, each exposition of the biblical books combines exegesis and application. The ultimate goal is to strengthen the Body of Christ in Asia by providing pastoral and contextual exposition of every book of the Bible. **El Ha'ayin**, 1963 An Introduction to the Old Testament, Third Edition Walter Brueggemann, Tod Linafelt, 2021-01-05 In this updated edition of the popular textbook *An Introduction to the Old Testament*, Walter Brueggemann and Tod Linafelt introduce the reader to the broad theological scope of the Old Testament, treating some of the most important issues and methods in contemporary biblical interpretation.
