Anselm Kiefer A Short Introduction To His Life Art:

Anselm Kiefer Angus Clayworth, 2014-10-22 ANSELM KIEFER IS REGARDED as one of the most important German painters of his age Grand themes of national identity and racial memory are depicted on an even grander scale with paintings spanning over 25 feet These dense and complex layered paintings and sculptures have propelled Kiefer to the top of the contemporary art world elite The artist's work is a complex examination of many themes from alchemy and the kabbalah to his country's Nazi past and has been often controversial His earliest works depicted the artist displaying the Nazi salute an act that was banned in post war Germany and more recently in 2010 a protest was staged at an exhibition of his work at the Gagosian gallery in New York Themes are often explored through such unconventional materials as lead barbed wire burnt books clay as well as branches of thorns and straw attached to vast canvases of dense impasto paint and shellac This book is designed as a lively authoritative and accessible introduction to the life and work of Anselm Kiefer and includes a historical list of exhibitions and bibliography

Aesth-ethics Dror Pimentel, 2025-02-07 The question of hospitality is the most pressing question in contemporary thought How can we host that which is utterly Other that which resists all conceptualization and thus disrupts the proper course of thought In the current book the discussion of hospitality is given a new conceptualization and extended to the field of aesthetics the event of hospitality does not occur in the face to face encounter with the other person as Emmanuel Levinas conceived of it but rather in the encounter with the work of art itself Writing about the event of hospitality as it is eventuated in art involves subverting the traditional precedence of theory over practice This subversion is also evident in the indifference to traditional distinctions such as those between poetry and visual art modern art and classical art international art and local art Moreover most of the artworks considered throughout are hybrid in character they are suspended in the space between the visual and the verbal whether they involve the verbal representation of a visual object as in Rilke's poem *Archaic Torso of Apollo* or a visual representation of a verbal object as in Anselm Kiefer's work *Your Golden Hair* Margarete The consideration of these and other works come together to give rise to a novel and original discourse on art that is termed *Aesth ethics* and which is presented for the first time in this volume
