Faculty Peer Coaching in Higher Education Kristin N. Rainville,David Title,Cynthia Desrochers,2023-03-01

Many of the current challenges facing institutions of higher education require a shift in thinking practice and approaches to change The changing nature of college students along with increased emphasis on student learning outcomes have institutions seeking to effect improvements in the instructional practices of faculty members Establishing a robust model of faculty peer coaching can accelerate improvement efforts that strive to create engaging higher education classrooms centered on inclusive and equitable teaching practices which more effectively meet the needs of an increasingly diverse student body Informed by research and experience this book is a guide to developing launching and refining faculty peer coaching initiatives in higher education with the goal of improving instructional practice and student learning outcomes Peer coaching is a collaborative reciprocal practice where faculty members observe reflect and improve their instructional practices leading to increased learning for all students Research has shown that peer coaching can positively impact teaching practices especially when coupled with other professional learning This book provides a rationale for peer coaching as an effective strategy for faculty development outlines a model for peer coaching and supplies readers with support in the creation of a robust peer coaching initiative in institutions of higher education Peer coaching has the potential for significant culture and community change for faculty members which can lead to improved student learning

**ENDORSEMENTS** I was privileged to read an early draft of this book and I hadn t turned many pages before I knew I had to offer a peer coaching program in the very next semester Faculty response was unanimous Thank you for this experience I learned so much and I want to continue I sure wish I d had this book when I started in faculty development I was trying to help a department implement formative peer review of teaching to not much avail Now I realize that what we really wanted was peer coaching

Victoria Bhavsar California State Polytechnic University Pomona How can I be a better teacher What can I do to ensure my students are learning and engaged If you have ever asked yourself these types of questions then this is the book for you Infused with extensive expertise and research based practices Rainville Title and Desrochers provide proven strategies and approaches to peer coaching that will change how we teach engage as colleagues and ultimately improve instructional practices Helping the reader develop a climate of trust respect and support the authors provide scaffolded processes that will generate leadership development as well as greatly enhance our knowledge and ability to be effective teachers and mentors A timely read for the changing world of college students and higher education

George J Petersen Clemson University Can you believe that three professors induced a college

faculty to meet in pairs to discuss and enhance their teaching Well they did The bane of professional learning is privatism in teaching and professors normally work in well fortified silos Sharing thoughts about teaching and curriculum brings collegueship to a new level and elevates the socio professional environment of the institution These folks demonstrated that it can be achieved Bruce Joyce Saint Simons Island Georgia
