Answer Key Summit 1 Unit:

The Vocabulary Diet David DeRocco, 2001 The Vocabulary Diet includes 30 reproducible units with 5 new vocabulary words studied in each. Each unit begins by studying the dictionary definitions of five words. Then three sample sentences are given for each word to show the words used in context. The students are then given five definitions per word and the students must circle the correct meaning. The students then work on a series of exercises to ensure new vocabulary is understood and remembered. There is a complete Answer Key. Unlike diets that help you take it off, The Vocabulary Diet helps you to add on. It helps you to add on new vocabulary words to your students' language repertoires. New words that your students will be able to use with precision and confidence.
