## **Ana Grade 9 2014 Question Papers:**

*Democratic Evaluation and Democracy* Donna Podems, 2017-02-01 Democratic evaluation brings a way of thinking about evaluation's role in society and in particular its role in strengthening social justice. Yet the reality of applying it and what happens when it is applied particularly outside the West is unclear. Set in South Africa, a newly formed democracy in Southern Africa, the book affords an in-depth journey that immerses a reader into the realities of evaluation and its relation to democracy. The book starts with the broader introductory chapters that set the scene for more detailed ones which bring thorough insights into national government, local government, and civil societies' experience of evaluation, democratic evaluation, and their understanding of how it contributes to strengthening democracy or not. A teaching case, the book concludes by providing guiding questions that encourage reflection, discussion, and learning that ultimately aims to inform practice and theory.
