Towers of Deception Barrie Zwicker, 2006-09-01 A dozen carefully researched books have exposed the official story of 9 11 to be a terror fraud Yet the mainstream media have monolithically failed to ask elementary questions about anomalies in this story So called alternative media have been little better Towers of Deception explains why and prescribes actions to break out the truth Authored by a lifelong journalist who was for thirty five years a media critic Towers of Deception provides twenty six exhibits of evidence proving beyond a reasonable doubt that 9 11 was an inside job It then presents case histories of de facto censorship by mainstream media and examines the psychological phenomenon of denial False flag operations and psychological warfare are dealt with in detail as is the invisible government the powers pulling strings behind the scenes Following a profile of Dr David Ray Griffin as an authentic prophet of the 9 11 truth movement Towers of Deception urges people to speak truth to power and challenge all media Interspersed with photographs diary entries and inspiring profiles of those who see 9 11 truth as the Achilles heel of the neocon agenda Towers of Deception includes a professional quality DVD

Forgiveness and Resentment in the Aftermath of Mass Atrocity Idit Alphandary, 2023-12-04 The author's starting point is the interweaving of forgiveness and resentment in the works of Jewish writers after the Holocaust most especially Hannah Arendt and Jean Améry to make sense of the catastrophe and to point to a way forward for both victims and perpetrators The insights of these two writers and of several Jewish novelists and poets including Bruno Schulz Paul Celan and Aharon Appelfeld are used to develop accounts of forgiveness and resentment in other cases of mass atrocity around the world The author offers a critical rereading of primary sources that aim to separate resentment from nonviolent resistance and forgiveness from reconciliation Forgiveness and resentment are not as they might first appear mutually exclusive Together with Arendt Améry and Walter Benjamin it is argued that it is through the interaction between them that victims of mass atrocity become agents of personal and cultural change Together forgiveness and resentment interrupt the present reframe the past and shape the future They can reduce the chasm that separates memory and trust by fashioning new connections between identity and alterity which can open paths to truly ethical coexistence for victims and perpetrators and their descendants
