In the Best Interest of Students Kelly Gallagher,2023-10-10 In his new book *In the Best Interest of Students* Staying True to What Works in the ELA Classroom teacher and author Kelly Gallagher notes that there are real strengths in the Common Core standards and there are significant weaknesses as well He takes the long view reminding us that standards come and go but good teaching remains grounded in proven practices that sharpen students literacy skills Instead of blindly adhering to the latest standards movement Gallagher suggests Increasing the amount of reading and writing students are doing while giving students more choice around those activitiesBalancing rigorous high quality literature and non fiction works with student selected titlesEncouraging readers to deepen their comprehension by moving beyond the four corners of the text Planning lessons that move beyond Common Core expectations to help young writers achieve more authenticity through the blending of genresUsing modeling to enrich students writing skills in the prewriting drafting and revision stagesResisting the de emphasis of narrative and imaginative reading and writingAmid the frenzy of trying to teach to a new set of standards Kelly Gallagher is a strong voice of reason reminding us that instruction should be anchored around one guiding question What is in the best interest of our students *Teaching Adult English*

Language Learners Betsy Parrish,2019 **Towards a Peaceful Development of Cyberspace** Thomas Reinhold,2024-04-01 The cyberspace and its global infrastructures are essential for our civilizations the economy and administration However cyberspace is also increasingly developing into an intelligence and military operational area visible in the creation of military cyber departments and the integration of cyberspace into states security and defense strategies Unfortunately many of the established toolset of transparency de escalation and arms control measures do not work for cyberspace due to its specific technical characteristics But how de escalation of state led conflicts in cyberspace can be achieved and how arms control of cyber weapons can be developed Based on a technical perspective with regard to the underlying political challenges the book follows an approach of adopting already existing technical measures from other fields of the computer science It presents a classification system for cyberweapons an approach for the mutual reduction of vulnerability stockpiles and provides an approach to prove the non involvement in a cyber conflict Beyond this it aims to provide some impulses regarding the responsibility and creative options of the computer science with a view to the peaceful development and use of cyberspace *Systematic Observation: Engaging Researchers in the Study of Daily Life as It Is Lived* M. Teresa Anguera,Angel Blanco-Villaseñor,Gudberg K. Jonsson,José Luis Losada,Mariona Portell,2019-10-04

Assessment in natural contexts through observation is unquestionably complex Systematic observation grounded in observational methodology offers a wide range of possibilities to the rigorous study of everyday behavior in their natural context These possibilities have been enriched in recent decades with the explosion of information and communication technologies In this eBook we assemble 23 articles from several researchers who have made important contributions to this evolving field The articles included in this eBook has been organized with a first part on general methodological developments and a second part with methodological contributions that emphasize different application areas Considering the enormous possibilities of the systematic observation in the study of daily life we hope this eBook will be useful to understand innovative applications in different fields
