Five Questions: Answers to Life's Greatest Mysteries Philip Bengue, 2015-12-17 Five Questions attempts to answer some of life's most basic and profound philosophic questions utilizing a holistic approach The book offers the perspective that while individuals have attempted to answer these questions from a religious philosophic cultural or scientific perspective the only hope at a more complete answer would arise from an integration of ideas from each of these areas The five key questions are Where did we come from Does God exist and what is His nature Does man have a soul which transcends death Why do pain suffering and evil exist What is the meaning of life

Early Civilizations of the Old World Charles Keith Maisels, 2003-12-16 In this new paperback edition of Early

Civilizations of the Old World Charles Keith Maisels traces the development of some of the earliest and key civilizations in history In each case the ecological and economic background to growth geographical factors cross cultural intersection and the rise of urbanism are examined explaining how particular forms of social structure and cultural interaction developed from before the Neolithic period to the time of the first civilizations in each area This volume challenges the traditional assumption of a band tribe chiefdom state sequence and instead demonstrates that large complex societies can flourish without social classes and the state as dramatically shown by the Indus civilization Such features as the use of Childe s urban revolution theory as a means of comparison for each emerging civilization and the discussion of the emergence of archaeology as a scientific discipline make Early Civilizations of the Old World a valuable innovative and stimulating work
