Handbook of Reflection and Reflective Inquiry Nona Lyons, 2010-04-07 Philosophers have warned of the perils of a life spent without reflection but what constitutes reflective inquiry and why it s necessary in our lives can be an elusive concept Synthesizing ideas from minds as diverse as John Dewey

and Paulo Freire the Handbook of Reflection and Reflective Inquiry presents reflective thought in its most vital aspects not as a fanciful or nostalgic exercise but as a powerful means of seeing familiar events anew encouraging critical thinking and crucial insight teaching and learning In its opening pages two seasoned educators Maxine Greene and Lee Shulman discuss reflective inquiry as a form of active attention Thoreau's wide awakeness an act of consciousness and a process by which people can understand themselves their work particularly in the form of life projects and others Building on this foundation the Handbook analyzes through the work of 40 internationally oriented authors Definitional issues concerning reflection what it is and is not Worldwide social and moral conditions contributing to the growing interest in reflective inquiry in professional education Reflection as promoted across professional educational domains including K 12 education teacher education occupational therapy and the law Methods of facilitating and scaffolding reflective engagement Current pedagogical and research practices in reflection Approaches to assessing reflective inquiry Educators across the professions as well as adult educators counselors and psychologists and curriculum developers concerned with adult learning will find the Handbook of Reflection and Reflective Inquiry an invaluable teaching tool for challenging times

Reflection-in-Motion Jaclyn Fiscus-Cannaday, 2025-05-23 Reflection in Motion considers how reflective practice is embedded in daily course happenings centering the experiences of students and teachers in Minority Serving Institutions to amplify underrepresented viewpoints about how reflection works in the writing classroom Jaclyn Fiscus Cannaday examines how its availability is subject to teacher student power dynamics the literacies welcomed or not in the class the past and present pedagogies that students are engaging with and attending to and the interactions among humans materials and emotions within the rhetorical context She adopts an intersectional feminist perspective for an inclusive view of how practitioners name identify and practice reflection in the everyday moments of writing classrooms Fiscus Cannaday invokes a Black feminist qualitative research method that Venus Evans Winters calls a mosaic When researchers collect both traditional and nontraditional texts to create a full view of students and teachers interviews at three institutions a Hispanic Serving Institution a Historically Black College and University and an Asian American Native American Pacific Islander Serving Institution she finds that practitioners often build definitions from past experiences with reflection and then use those definitions as terministic screens to decide if an activity can be named identified and practiced as reflection These definitions hold different rhetorical effects reflection for introspection reflection for learning reflection for mindfulness and reflection for awareness Reflection is used for these different rhetorical effects but because classrooms so often focus on the Westernized view and its emphasis on growth reflection has the underused and undertheorized potential rhetorical effect of helping students investigate their identities and positionalities acknowledge deep rooted ideologies and consider new perspectives so they can better work across difference Reflection in Motion will inspire teachers and writing program administrators to listen to how students define and practice reflection and why thus making room for more capacious definitions of reflection and student centered practices of

what reflection can do and be *Civic Engagement Pedagogy in the Community College: Theory and Practice* Emily Schnee, Alison Better, Martha Clark Cummings, 2015-11-19 This book will help post secondary educators to discover the joys and challenges of implementing theoretically grounded civic engagement projects on their campuses The essays on civic engagement and public scholarship are written by an interdisciplinary group of community college faculty who have designed and implemented civic engagement projects in their classrooms The projects they describe stand at the intersection of research theory and pedagogy They challenge dominant constructions of civic engagement as students bring their community culture and history into the classroom The authors consider the particular complexities and constraints of doing civically engaged teaching and scholarship at the community college level and situate their projects within current theoretical debates about civic engagement public scholarship and public higher education The Course Reflection Project Nicole Schonemann, Emily Metzgar, Andrew Libby, 2015-05-01 Service learning is entering a post initiatory phase At tertiary institutions of all types and sizes service learning programs are common and service learning requirements for graduation are growing in popularity Taken together alongside continued faculty interest in effective teaching these factors have raised the visibility and popularity of service learning Now the greater need in service learning is not to prove the need for or efficacy of service learning but to turn the focus squarely back on practice Following established best practice is not enough instructors also need to reflect on how this fits within the specific context and application of each unique course and service learning partnership While there are many excellent resources that detail best practice and showcase exemplary service learning courses faculty reflection and course revision often goes unmentioned In response to the lack of attention on the role of reflection and course revision we convened groups of faculty from a variety of disciplines to reflect deeply on their courses paying specific attention to obstacles and challenges These conversations were converted to articles for this edited collection each chapter representing the process of reflection and revision and serving as a guide to develop effective practice in varied curricular contexts This text contributes to the body of literature on service learning in a unique and practical manner Faculty teaching or interested in teaching service learning classes would benefit from this text as well as university administrators and community service directors involved in service learning at a programmatic and institutional level This book should be marketed to faculty teaching disciplinary service learning classes and service learning pedagogy classes and administrative offices involved in service learning This could be a supplementary text for graduate level pedagogy courses Higher education institutional libraries would benefit from this text as well as the national and state campus compact offices **Higher Education and Civic Engagement: International Perspectives** Iain Mac Labhainn, 2016-12-05 This volume provides an original and powerful contribution to debates about the civic purpose of higher education It suggests that universities can best realize their civic mission by making it central to their policy and practice Bringing together researchers from three continents the book offers an international perspective based primarily

upon first hand pedagogical experience A transatlantic overview of the purpose place and practice of one such pedagogy service learning is provided and its potential as a foundation for civic engagement assessed In its last section the book moves from the theory of citizenship to practical considerations In doing so the book offers advice on establishing civic engagement to all those involved in teaching and learning within higher education Civic Education in the Asia-Pacific Region John L. Cogan, Murray Print, 2013-12-02 This book examines the approach to civic education in six societies located on the Pacific Rim Australia Japan Hong Kong Taiwan Thailand and the US In these scrupulously designed studies the contributors investigate the recent re emergence of civic education in this region Developments such as globalization nationalism and sovereignty have profound effects on how schools make good citizens These essays reveal how definitions of citizenship are contested and revised under such influences and interrogate differences in civic education from nation to nation As societies attempt to strike a balance between obedience and critical thinking schools become the primary site of these transformations Analyzing both educational policy and its implementation these contributors offer a groundbreaking comparative study that grounds civic education historically and politically **Civic Engagement and Politics: Concepts, Methodologies, Tools, and Applications** Management Association, Information Resources, 2019-01-04 Creating transparency between government and citizens through outreach and engagement initiatives is critical to promoting community development and is also an essential part of a democratic society This can be achieved through a number of methods including public policy urban development artistic endeavors and digital platforms Civic Engagement and Politics Concepts Methodologies Tools and Applications is a vital reference source that examines civic engagement practices in social political and non political contexts As the world is now undergoing a transformation interdisciplinary collaboration participation community based participatory research partnerships and co creation have become more common than focused domains Highlighting a range of topics such as social media and politics civic activism and public administration this multi volume book is geared toward government officials leaders practitioners policymakers academicians and researchers interested in active citizen participation and politics **Literature and Character Education in Universities** Edward Brooks, Emma Cohen de Lara, Álvaro Sánchez-Ostiz, José Maria Torralba, 2021-09-30 Literature and Character Education in Universities presents the potential of literary and philosophical texts for character education in modern universities The book engages with theoretical and practical aspects of character development in higher education combining conceptual discussion of the role of literature in character education with applied case studies from university classrooms Character education within the academic context of the university presents unique challenges and opportunities Literature and Character Education in Universities presents perspectives from academics in Europe the USA and Asia offering unique insights into the ways that engaged reading and discussion of core texts can promote the development of intellectual and moral virtues Chapters draw on a wide range of texts from Confucius Analects to J D Salinger s The Catcher in the Rye focusing on themes such as truthfulness self

knowledge prudence tolerance friendship and humility Literature and Character Education in Universities will be of real use to researchers academics and postgraduates in the fields of higher education philosophy and literature It should be essential reading for university educators interested in character development and advocates of literary education in modern universities

Black Girl Civics Ginnie Logan, Janiece Mackey, 2020-09-01 What does it mean to be a civic actor who is Black Young Female in the United States Do African American girls take up the civic mantle in the same way that their male or non Black peers do What media educational or social platforms do Black girls leverage to gain access to the political arena and why How do Black girls negotiate civic identity within the context of their racialized gendered and age specific identities There are scholars doing powerful work on Black youth and civics scholars focused on girls and civics and scholars focused on Black girls in education But the intersections of African American girlhood and civics have not received adequate attention This book begins the journey of understanding and communicating the varied forms of civics in the Black Girl experience Black Girl Civics Expanding and Navigating the Boundaries of Civic Engagement brings together a range of works that grapple with the question of what it means for African American girls to engage in civic identity development and expression The chapters collected within this volume openly grapple with and disclose the ways in which Black girls engage with and navigate the spectrum of civics This collection of 11 chapters features a range of research from empirical to theoretical and is forwarded by Black Girlhood scholar Dr Venus Evans Winters The intended audience for this volume includes Black girlhood scholars scholars of race and gender teachers civic advocacy organizations civic engagement researchers and youth development providers

Making Citizens Beth C. Rubin, 2012-05-23 Can social studies classrooms be effective makers of citizens if much of what occurs in these classrooms does little to prepare young people to participate in the civic and political life of our democracy Making Citizens illustrates how social studies can recapture its civic purpose through an approach that incorporates meaningful civic learning into middle and high school classrooms The book explains why social studies teachers particularly those working in diverse and urban areas should infuse civic education into their teaching and outlines how this can be done effectively Directed at both pre service and in service social studies teachers and designed for easy integration into social studies methods courses this book follows students and teachers in social studies classrooms as they experience a new approach to the traditional history oriented social studies curriculum using themes essential questions discussion writing current events and action research to explore enduring civic questions Following the experiences of three teachers working at three diverse high schools Beth C Rubin considers how social studies classrooms might become places where young people study ponder discuss and write about relevant civic questions while they learn history She draws upon the latest sociocultural theories on youth civic identity development to describe a field tested approach to civic education that takes into consideration the classroom and curricular constraints faced by new teachers

Civic Affairs ,1960 **Report of the Committee on Education, of the House of Representatives of Kentucky, on**

So Much of the Governor's Message as Relates to Schools and Seminaries of Learning Kentucky. General Assembly. House of Representatives. Committee on Education, 1830 *Youth Voices, Public Spaces, and Civic Engagement* Stuart Greene, Kevin J. Burke, Maria K. McKenna, 2016-02-26 This collection of original research explores ways that educators can create participatory spaces that foster civic engagement critical thinking and authentic literacy practices for adolescent youth in urban contexts Casting youth as vital social actors contributors shed light on the ways in which urban youth develop a clearer sense of agency within the structural forces of racial segregation and economic development that would otherwise marginalize and silence their voices and begin to see familiar spaces with reimagined possibilities for socially just educational practices Citizenship Education Anne Sliwka, For students citizenship education means more than merely learning about citizenship and democracy Citizenship education means learning through practicing citizenship inside and outside the school One model for that is service learning which combines service and learning by linking community service and reflection about it in class **Service-Learning Essentials** Barbara Jacoby, 2014-11-03 Service Learning Essentials is the resource you need to help you develop high quality service learning experiences for college students Written by one of the field's leading experts and sponsored by Campus Compact the book is the definitive work on this high impact educational practice Service learning has been identified by the Association of American Colleges and Universities as having been widely tested and shown to be beneficial to college students from a wide variety of backgrounds Organized in an accessible question and answer format the book responds clearly and completely to the most common questions and concerns about service learning Each chapter addresses issues related to individual practice as well as to the collective work of starting and developing a service learning center or program with examples drawn from a variety of disciplines situations and institutional types The questions range from basic to advanced and the answers cover both the fundamentals and complexities of service learning Topics include Determining what service learning opportunities institutions should offer How to engage students in critical reflection in academic courses and in cocurricular experiences Best practices for developing and sustaining mutually beneficial campus community partnerships Integrating service learning into the curriculum in all disciplines and at all levels as well as various areas of student life outside the classroom Assessing service learning programs and outcomes The dilemmas of service learning in the context of power and privilege The future of service learning in online and rapidly globalizing environments Service learning has virtually limitless potential to enable colleges and universities to meet their goals for student learning while making unique contributions to addressing unmet local national and global needs However in order to realize these benefits service learning must be thoughtfully designed and carefully implemented This easy to use volume contains everything faculty leaders and staff members need to know about service learning to enhance communities improve higher education institutions and educate the next generation of citizens scholars and leaders *In Search of an Identity* Edward Vickers, 2003 This volume traces the influences that have shaped the secondary school history

curriculum during Hong Kong's prolonged political transition between the 1960s and the early 21st century focusing especially on the relationship between history teaching and identity formation. The author's experience as a local history teacher during the mid 1990s made him conscious of the peculiarities of the history curriculum at this time in particular the neglect in both syllabuses and textbooks of Hong Kong's own history and the unique division between History and the entirely separate subject of Chinese History.
