Readers Choice Social Media Literacy:

Critical Media Literacy and Fake News in Post-Truth America Christian Z. Goering, Paul L. Thomas, 2018-04-16 This edited collection is not a response to the 2016 United States Presidential Election so much as it is a response to the issues highlighted through that single event and since when incredibly smart sophisticated and intelligent members of our society were confused by misinformation campaigns While media literacy and critical media literacy are ideas with long histories in formal education including K 12 students and higher education the need for increased attention to these issues has never reached a flash point like the present The essays collected here are confrontations of post truth fake news mainstream media and traditional approaches to formal schooling But there are no simple answers or quick fixes Critical media literacy we argue here may well be the only thing between a free people and their freedom **Handbook of Research on Media Literacy in the Digital Age** Yildiz, Melda N., Keengwe, Jared, 2015-12-02 With the current ubiquity of technological tools and digital media having the skillset necessary to use and understand digital media is essential Integrating media literacy into modern day education can cultivate a stronger relationship between technology educators as well as students The Handbook of Research on Media Literacy in the Digital Age presents key research in the field of digital media literacy with a specific emphasis on the need for pre service and in service educators to become familiar and comfortable with the current digital tools and applications that are an essential part of youth culture Presenting pedagogical strategies as well as practical research and applications of digital media in various aspects of culture society and education this publication is an ideal reference source for researchers educators graduate level students and media specialists Digital Social Reading Federico Pianzola, 2025-01-21 How digital social reading apps are powerfully changing and nurturing the way we read Conventional wisdom would have us believe that digital technology is a threat to reading but in Digital Social Reading Federico Pianzola argues that reading socially through digital media can help people grow a passion for reading and in some cases even enhance text comprehension Digital social reading DSR is a term that encompasses a wide variety of practices related to the activity of reading and using digital technologies and platforms websites social media mobile apps to share thoughts and impressions about books with others This book is the first systematization of DSR practices drawing on case studies from Wattpad AO3 and Goodreads on a worldwide scale Using a combination of qualitative and computational methods Pianzola offers fresh insight into the reading experience on the scale of big data He discusses the impact of digital technology on reading skills and shows that a change of methodological perspective is necessary to understand the positive potential of DSR for promoting reading more broadly He argues that it is not just the medium that changes but also the context and the attitudes of readers He also asserts that grassroots media and open bottom up communities are crucial to the success of many reading practices today especially with young audiences The Reading Lives of Teens Chin Ee Loh, 2024-11-04 In these changing times of global flows of media and technologies and reports of declining reading enjoyment researchers

policymakers and educators need to engage anew with essential issues of what counts as reading what kinds of reading matter and how to support teen reading engagement in school and out of school settings Bringing together contributions from well known and emerging adolescent literacy researchers from different disciplinary perspectives this edited collection consolidates contemporary research on teens volitional print and digital reading whether in school or out of school contexts The first part of the book offers overviews of what teens are reading followed by chapters on community support on reading and new ways of researching teen reading With chapters from North America Europe Australia Asia and the Middle East the collection will offer multifaceted and complex insights into what how and why teens read in different contexts Reflection questions at the end of each chapter encourage readers to consider how the research can be applied in their own research policy and practice contexts This book will be of interest to researchers policymakers and educators who are invested in supporting adolescent engaged reading with evidence based policies and strategies

Reading for Pleasure:

International Perspectives Teresa Cremin, Sarah McGeown, 2025-03-19 Growing evidence of the vital role reading for pleasure plays in children and young people s academic outcomes and socio emotional wellbeing has placed it high on the agenda in both educational policy and practice This valuable collection draws upon a range of disciplinary perspectives and methodological approaches to explore how reading for pleasure is experienced and enacted and highlights the implications and benefits of such volitional reading in the lives and learning of children and young people It offers contributions from leading international researchers on current evidence and literature within the field identifying the causes and consequences of reading for pleasure and framing this within the context of understanding readers and applying this to developing effective pedagogical practices With chapters examining how we may shape the reading experience this book is divided into four sections Understanding readers including factors such as motivation gender and identity The nature of texts including fiction sensory and digital texts Pedagogies and practices exploring agency book talk and reading aloud Environments conducive to reading for pleasure including homes school libraries classrooms and communities Presenting diverse and interdisciplinary perspectives this will be a key text for researchers teacher educators and policy makers who wish to become better informed in their thinking discourse and practice when supporting children and young people in learning to read for pleasure

The Digital Reading Condition Maria Engberg, Iben Have, Birgitte Stougaard Pedersen, 2022-12-30 This volume offers a critical overview of digital reading practices and scholarly efforts to analyze and understand reading in the mediatized landscape Building on research about digital reading born digital literature and digital audiobooks The Digital Reading Condition explores reading as part of a broader cultural shift encompassing many forms of media and genres Bringing together research from media and literary studies digital humanities scholarship on reading and learning as well as sensory studies and research on multimodal and multisensory media reception the authors address and challenge print biased conceptions of reading that are still prevalent in research whether the reading medium is print or digital They argue that the act of reading

itself is changing and rather than rejecting digital media as unsuitable for sustained or focused reading practices they argue that the complex media landscape challenges us to rethink how to define reading as a mediated practice Presenting a truly interdisciplinary perspective on digital reading practices this volume will appeal to scholars and graduate students in communication media studies new media and technology literature digital humanities literacy studies composition and rhetoric
