Power and Planning Controls for Arterial Street United States. Bureau of Public Roads, 1960 *Farmland Preservation* Wayne J. Caldwell, Stew Hilt, Bronwynne Wilton, 2017-03-22 As land is lost to urban sprawl and other non farm activity our ability to produce food is diminished and options for future food production are limited Farmland preservation speaks to the need to preserve the agricultural land base for future generations The need for protection is driven by uncertainty caused by climate change population growth food security energy availability and other local and global factors This uncertainty means that there is an ever growing responsibility to ensure that the actions of today do not compromise the needs of future generations This second edition of Farmland Preservation provides a range of views and case studies from across Canada the United States and beyond Its fourteen essays are intended to help the reader understand the importance of the issue and the potential for applying new approaches to agricultural protection policy tools and initiatives **Agricultural Land Use and**

Natural Gas Extraction Conflicts Madeline Taylor, Tina Hunter, 2018-11-02 Onshore unconventional gas operations in most jurisdictions operate on the legal principle that all activities during exploration and extraction are temporary in nature The concept that the onshore unconventional gas industry has a temporary effect on the land on which it operates creates a regulatory paradox On one hand unconventional gas activities create energy security national wealth and a burgeoning export industry On the other agricultural land and agriculturalists may be significantly disadvantaged by unconventional gas activities potentially producing permanent damage to non renewable fertile soils and spoiling the underground water tables Thus threatening future food security and food sovereignty This book explores the socio regulatory dimensions of coexistence between agricultural and onshore unconventional gas land uses in the jurisdictions with the highest concentration of proven unconventional gas reserves Australia Canada the USA the UK France Poland and China In exploring the differing regulatory standpoints of unconventional gas land uses on productive farming land in the chosen jurisdictions this book provides an original three part categorisation of regulatory approaches addressing the coexistence of agricultural land and

unconventional gas namely adaptive management precautionary and finally statism It offers a timely and topical approach to socio legal natural resource governance theory based on the participation transparency and empowerment for agricultural landholders examining how differing frameworks such as the collective bargaining framework can create equitable and sustainable contractual arrangements with unconventional gas companies Highway Transportation Criteria in Zoning Law William H. Stanhagen, John J. Mullins, United States. Bureau of Public Roads. Highway and Land Administration Division, 1960 *Planning for Wicked Problems* Dawn Jourdan, Eric J. Strauss, 2015-10-23 Efforts to teach students pursuing graduate degrees in urban and regional planning are often frustrated by the case books that have been prepared for use by law professors teaching similar courses Dawn Jourdan and Eric J Strauss have attempted to take their concerns to heart in the design of this *Planning for Wicked Problems A Planner s Guide to Land Use Law* Each chapter begins with a planning problem that is complex and has no correct answer Students should answer this hypothetical before reading the subsequent sections of each of the chapters The second section of each chapter provides a primer for each topic This primer is meant to summarize the basic principles of the law and to identify the types of questions relevant to planners when such issues arise The third section of each chapter includes a series of edited court opinions The cases selected have been identified by American Institute of Certified Planners as those fundamental to planning education Each chapter concludes with an answer to the proposed wicked planning problem *Planning for Wicked Problems* has been written to demonstrate to future planners how the law may be a useful tool in helping them invent solutions to wicked planning problems The book features a companion website for additional study and review California Land-use and Planning Law Daniel J. Curtin, 1988 *National Manufactured Home Construction and Safety Standards* United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on Housing and Community Development, 1981 Community Greenways, 1995 Part of The Stewardship Series this guide provides community leaders with tools to plan for and implement the establishment of community greenways providing linkages between human development and natural systems
