United States. Federal Communications Commission,2016 The Crisis T.O. Paine,2025-03-04 She wants to quit smoking
He wants to start a nuclear war They both want the girl with the cryptic tattoo Stuck working at a backwater convenience
store in the middle of northern Florida Mattie longs for a cigarette She longs for her days as a marine biologist at the Queen
Aquarium down south She longs for her best friend Hank the Manatee Her colleagues blamed her for his death and now she
blames herself She should have done something sooner Today a nervous couple enters the convenience store The man is big
bald and has a tight grip on the girl's arm The girl is small young and has a number tattooed on her leg It looks like a brand
When they leave Mattie finds a note on the floor Blue Honda mini van going to Salt Springs Someone named Stanley A
similar thing happened to Mattie's cousin This girl is being kidnapped Trafficked The note isn't enough for the police to care
but Mattie does She jumps into her decrepit Toyota wagon and flies onto the highway wasting no time She's got to stop that
mini van before it reaches Salt Springs She's got to save that girl before she's sold to the highest bidder Meanwhile in Cuba a
militant rebel has sent his men to the US He's been searching for a young woman with a cryptic tattoo on her leg for over ten
years When his men bring her to him he'll finally have the negotiating power he needs to overthrow the Cuban government
He'll have the power to make the United States listen to Cuba for once It's only a matter of time His men are already in Salt

Springs waiting for her The Crisis in a breakneck thrill ride guaranteed to pique your imagination and thrust you deep into a fun filled action packed international conspiracy **Data Science on AWS** Chris Fregly,Antje Barth,2021-04-07 With this practical book AI and machine learning practitioners will learn how to successfully build and deploy data science projects on Amazon Web Services The Amazon AI and machine learning stack unifies data science data engineering and application development to help level up your skills This guide shows you how to build and run pipelines in the cloud then integrate the results into applications in minutes instead of days Throughout the book authors Chris Fregly and Antje Barth demonstrate how to reduce cost and improve performance Apply the Amazon AI and ML stack to real world use cases for natural language processing computer vision fraud detection conversational devices and more Use automated machine learning to implement a specific subset of use cases with SageMaker Autopilot Dive deep into the complete model development lifecycle for a BERT based NLP use case including data ingestion analysis model training and deployment Tie everything together into a repeatable machine learning operations pipeline Explore real time ML anomaly detection and streaming analytics on data streams with Amazon Kinesis and Managed Streaming for Apache Kafka Learn security best practices for data science projects and workflows including identity and access management authentication authorization and more The Resentment T.O. Paine,2022-06-10 They killed her husband Now they re coming for her son Lauren Kaine has everything she ever wanted a fabulous home a shiny Lexus a bright sixteen year old son and a loving husband with a lucrative internet career Tonight she walks hand in hand with William beneath the lustrous Seattle sky celebrating twenty two years of marriage But they re not alone A mysterious black Audi comes out of nowhere and chases William onto a bridge He shouts They re here for the card and falls to his death Enraged Lauren attacks the car but the tinted windows hide the driver s face and it speeds away Still mourning she sets out to find her husband s killer when a stranger calls and demands the card William never mentioned a card and she doesn t know where it is The stranger follows her He torments her He threatens to kidnap her son and throw him into the same river that killed William And it s not just the stranger Black cars lurk around every corner William s co workers refuse to talk to her Her brother in law resurfaces after years of silence and he knows something but she s running out of time She searches for the card and the past pulls her back to the first time someone kidnapped her son Back to her resentment Back to the truth You re only as sick as your secrets This dark thriller is intense fast paced and sure to keep readers on the edge of their seats The Book Review Directory An energetic enthralling tale of dangerous family secrets Kirkus Reviews Get Your Copy Today **Experiencing MIS** David Kroenke,Deborah Bunker,David Wilson,2013-09-20 Real World Lessons Excellent Support Whatever you do in business you will experience MIS What kind of experience will you have with MIS Will you understand how businesses use and need information systems to accomplish their goals and objectives and develop their competitive strategy By presenting real world cases Experiencing MIS helps you to experience MIS right now at university where you can exercise your enquiring mind and unlock the potential of information

The Excursion T.O. Paine, 2022-10-23 ESCAPE WAS NEVER AN OPTION The end blew my mind I did not see that coming Readers Favorite Charly Highsmith is a survivor Abandoned by her parents she spent her teens looking after her autistic brother on the bitter streets of Denver Colorado with nothing but a jacket and a backpack But things are better now Charly and Jacob live in a two bedroom apartment near a mall and with the passing of their long lost father they ve inherited a cabin high in the Rocky Mountains Charly s eager to go there Relive the good times she had as a child running through the forest with Jacob and her cousins Amanda the Overachiever Cam the Recluse But when they arrive the cabin isn t empty Barry the Millionaire Kennedy the Social Media Magnet Randall the Hunter Standing by the fireplace Charly sees that look in her neurodivergent brother s eyes There are too many people He s going to run He s going to burst into the unforgiving snowstorm sprint around the frozen lake and hide in the forest like he did when they were young So much for reliving the good times Randall the Hunter goes to the window Opens the curtains The blizzard rages outside He says no one is leaving He says nothing will stop the hunt Nothing will stop the excursion The Excursion promises a one way ticket on an obsessive journey that is creepy compelling and wholly consuming Indies Today Get Your Copy Today

Design Engineering and Science Nam Pyo Suh, Miguel Cavique, Joseph Timothy Foley, 2021-10-25 Design Engineering and Science teaches the theory and practice of axiomatic design AD It explains the basics of how to conceive and deliver solutions to a variety of design problems The text shows how a logical framework and scientific basis for design can generate creative solutions in many fields including engineering materials organizations and a variety of large systems Learning to apply the systematic methods advocated by AD a student can construct designs that lead to better environmental sustainability and to increased quality of life for the end user at the same time reducing the overall cost of the product development process Examples of previous innovations that take advantage of AD methods include on line electric vehicle design for electric buses with wireless power supply mobile harbors that allow unloading of large ships in shallow waters microcellular plastics with enhanced toughness and lower weight and organizational changes in companies and universities resulting in more efficient and competitive ways of working The book is divided into two parts Part I provides detailed and thorough instruction in the fundamentals of design discussing why design is so important It explains the relationship between and the selection of functional requirements design parameters and process variables and the representation of design outputs Part II presents multiple applications of AD including examples from manufacturing healthcare and materials processing Following a course based on this text students learn to create new products and design bespoke manufacturing systems They will gain insight into how to create imaginative design solutions that satisfy customer needs and learn to avoid introducing undue complexity into their designs This informative text provides practical and academic insight for engineering design students and will help instructors teach the subject in a novel and more rigorous

fashion Their knowledge of AD will stand former students in good stead in the workplace as these methods are both taught and used in many leading industrial concerns

The Abduction T.O. Paine,2023-11-22 She should never have gotten into his car Marcus Crawford doesn't want to go back to jail They shouldn't have sent him there in the first place because it wasn't his fault It was an accident Everyone except the jury agreed The only good thing that came from his incarceration was meeting Crystal She sent him letters She supported him After his release Marcus Crystal and her precious nine year old daughter from a previous marriage Hannah became a family But before they could marry Marcus discovered a needle in Crystal's gym bag Crystal lied about where she'd been Her makeup failed to cover the blossoming red spots on her cheeks He attempted to support her the way she'd supported him in prison but her addiction to drugs won She ended their relationship Now months later a man in a stolen car waits outside an elementary school in Elko Nevada He's waiting in the hot sun for the bell to ring He's waiting for a little girl named Hannah to come out He's waiting to abduct her Crystal's substance abuse has only gotten worse since the break up She's not capable of saving Hannah now Hannah needs someone like Marcus to save her but thanks to Crystal's meth addiction he's no longer in Hannah's life The school bell rings Hannah comes out The man opens the door to his car and she gets inside Buy Now to find out where he takes her

increasingly sophisticated AI the relationship between creator and creation has shifted Robot lovers coexist with humans and
the boundaries of emotion and consciousness are blurred This book considers the fundamental challenge of imbuing robots
with the capacity to experience love delving into the consequences of loving robots that can only feign reciprocation and
philosophical questions about sentience and consciousness Other forms of artificial lovers are also discussed ranging from
ChatGPT and Samantha from the 2013 film *Her* to a variety of sex dolls monsters golems and romanceable characters in
dating simulation games Such entities encompass an array of sexual and gender identities as well as gender biases involved
in creating the perfect artificial companion and developing AI systems These biases often perpetuated by deep learning
