

American Democracy Obama 2015 General Election Facts Of Life

**Laura Pérez Rastrilla, Pablo Sapag
M., Armando Recio García**

American Democracy Obama 2015 General Election Facts Of Life:

Upending American Politics Theda Skocpol, Caroline Tervo, 2020 The election of Barack Obama in 2008 was startling as was the victory of Donald Trump eight years later Because both presidents were unusual and gained office backed by Congresses controlled by their own parties their elections kick started massive counter movements The Tea Party starting in 2009 and the Resistance after November 2016 transformed America s political landscape Upending American Politics offers a fresh perspective on these recent upheavals tracking the emergence and spread of local voluntary citizens groups the activities of elite advocacy organizations and consortia of wealthy donors and the impact of popular and elite efforts on the two major political parties and candidate led political campaigns Going well beyond national surveys Theda Skocpol Caroline Tervo and their contributors use organizational documents interviews and local visits to probe changing organizational configurations at the national level and in swing states This volume analyzes conservative politics in the first section and progressive responses in the second to provide a clear overview of U S politics as a whole By highlighting evidence from the state level it also reveals the interplay of local and national trends

Encyclopedia of Information Science and Technology, Fourth Edition Khosrow-Pour, D.B.A., Mehdi, 2017-06-20 In recent years our world has experienced a profound shift and progression in available computing and knowledge sharing innovations These emerging advancements have developed at a rapid pace disseminating into and affecting numerous aspects of contemporary society This has created a pivotal need for an innovative compendium encompassing the latest trends concepts and issues surrounding this relevant discipline area During the past 15 years the Encyclopedia of Information Science and Technology has become recognized as one of the landmark sources of the latest knowledge and discoveries in this discipline The Encyclopedia of Information Science and Technology Fourth Edition is a 10 volume set which includes 705 original and previously unpublished research articles covering a full range of perspectives applications and techniques contributed by thousands of experts and researchers from around the globe This authoritative encyclopedia is an all encompassing well established reference source that is ideally designed to disseminate the most forward thinking and diverse research findings With critical perspectives on the impact of information science management and new technologies in modern settings including but not limited to computer science education healthcare government engineering business and natural and physical sciences it is a pivotal and relevant source of knowledge that will benefit every professional within the field of information science and technology and is an invaluable addition to every academic and corporate library

Asian and Pacific Islander Americans in Congress, 1900-2017 Albin Kowalewski, 2017

Public Spheres and Mediated Social Networks in the Western Context and Beyond Petros Iosifidis, Mark Wheeler, 2016-05-13 Social media is said to radically change the way in which public communication takes place information diffuses faster and can reach a large number of people but what makes the process so novel is that online networks can empower people to compete with traditional broadcasters or public figures This book

critically interrogates the contemporary relevance of social networks as a set of economic cultural and political enterprises and as a public sphere in which a variety of political and socio cultural demands can be met It examines policy regulatory and socio cultural issues arising from the transformation of communication to a multi layered sphere of online and social networks The central theme of the book is to address the following questions Are online and social networks an unstoppable democratizing and mobilizing force Is there a need for policy and intervention to ensure the development of comprehensive and inclusive social networking frameworks Social media are viewed both as a tool that allows citizens to influence policymaking and as an object of new policies and regulations such as data retention privacy and copyright laws around which citizens are mobilizing

Social Media Campaigning in Europe Darren G. Lilleker, Karolina Koc-Michalska, Ralph Negrine, Rachel Gibson, Thierry Vedel, Sylvie Strudel, 2020-06-04 Studies of election campaigns have shown an increased employment of websites weblog tools email and social media by political campaigners as well as the use of similar platforms by citizens to find information communicate about elections or engage more generally in political issues This comprehensive volume explores the ways in which social media is used on the one hand as a campaigning tool and on the other by local citizens It aims to develop a more holistic and Eurocentric research agenda by capturing both supply and demand practices at the European level The authors employ both single and multination case studies furthering debates on how political actors and voters embrace the new information and communication environment in what ways and for what purposes The book offers new perspectives on social media campaigning within European democracies thereby contributing to a more global and comprehensive understanding of how campaigning is affected and might be enhanced by developing an interactive digital strategy This book will be of great interest to students of both politics and media studies It was originally published as a special issue of the Journal of Information Technology Politics

Trumpism, Bigotry, and the Threat to American Democracy Larry N. Gerston, 2023-12-11 In Trumpism Bigotry and the Threat to American Democracy Larry N Gerston examines the near lethal combination of American bigotry and the ability of Donald Trump to take advantage of this scourge to satisfy his own political objective The result is an individual who won election to the American presidency by adroitly pitting members of American society against one another while presenting himself as the only person in the position to save America from itself Having succeeded to the nation s most important political office Trump proceeded to use the position for his own benefit irrespective of laws norms and most importantly the Constitution So powerful was Trump that he and his minions came close to overturning the 2020 presidential election with the January 6 2021 insurrection against the nation s Capitol While Trump failed in his attempt to remain in office the threat to the well being of the United States remains real

Abortion and America's Churches Daniel K. Williams, 2025-10-01 Abortion and America s Churches explores the surprising history of how American Christians think about abortion Many people assume that Christians have steadfastly condemned abortion throughout the United States s history Daniel K Williams overthrows all assumptions about the unity

consistency or simplicity of American Christian thought and belief in this groundbreaking new book He demonstrates that churches in the United States have fought among themselves and with the wider culture as they developed and enforced their stance on abortion revealing major struggles to define their often changing positions Far from a cynical exercise of political interest changes and disagreements arose from serious theological considerations informed by each tradition s approach to the faith These theological shifts and corresponding shifts in interreligious political alliances led to the changing fortunes of Roe v Wade By capturing the fascinating and complicated history informing each faith s position Abortion and America s Churches restores much needed context to the sharp polarization over abortion today Prototype Politics Daniel Kreiss,2016 Drawing on an innovative dataset of the professional careers of 628 presidential campaign staffers working in technology from 2004 2012 and interviews with more than 60 staffers Prototype Politics details how and explains why the Democrats have taken up technology more than Republicans over the past decade *Countermobilization* Eric M. Patashnik,2023-12-26 An essential look at how and why backlash movements are inherent to US policymaking The most successful policies not only solve problems They also build supportive coalitions Yet sometimes policies trigger backlash and mobilize opposition Although backlash is not a new phenomenon today s political landscape is distinguished by the frequency and pervasiveness of backlash in nearly every area of US policymaking from abortion rights to the Affordable Care Act Eric M Patashnik develops a policy centered theory of backlash that illuminates how policies stimulate backlashes by imposing losses overreaching or challenging existing arrangements to which people are strongly attached Drawing on case studies of issues from immigration and trade to healthcare and gun control Countermobilization shows that backlash politics is fueled by polarization cultural shifts and negative feedback from the activist government itself It also offers crucial insights to help identify and navigate backlash risks **The Price of Democracy** Julia Cagé,2020-03-31 Why and how systems of political financing and representation in Europe and North America give outsized influence to the wealthy and undermine democracy and what we can do about it One person one vote In theory everyone in a democracy has equal power to decide elections But it s hardly news that in reality political outcomes are heavily determined by the logic of one dollar one vote We take the political power of money for granted But does it have to be this way In The Price of Democracy Julia Cag combines economic and historical analysis with political theory to show how profoundly our systems in North America and Europe from think tanks and the media to election campaigns are shaped by money She proposes fundamental reforms to bring democracy back into line with its egalitarian promise Cag shows how different countries have tried to develop legislation to curb the power of private money and to develop public systems to fund campaigns and parties But these attempts have been incoherent and unsystematic She demonstrates that it is possible to learn from these experiments in the United States Europe and elsewhere to design a better system that would increase political participation and trust This would involve setting a strict cap on private donations and creating a public voucher system to give each voter an equal amount to spend in support of political

parties More radically Cag argues that a significant fraction of seats in parliamentary assemblies should be set aside for representatives from disadvantaged socioeconomic groups At a time of widespread political disenchantment The Price of Democracy is a bracing reminder of the problems we face and an inspirational guide to the potential for reform **How the Obama Presidency Changed the Political Landscape** Larry J. Walker, F. Erik Brooks, Ramon B. Goings, 2017-06-22

Covering key issues ranging from education to political mobilization to racial stratification this book provides a comprehensive examination of the Obama Presidency President Barack Obama's election and subsequent reelection represent a critical paradigm shift in American political history But are there lasting effects of the election of an African American to the highest office in the land in terms of the United States economic educational political and social realities A valuable resource for undergraduate and graduate students researchers state and federal policymakers and general readers this book poses critical questions and offers insightful answers from expert contributors provides a balanced critique of President Obama's accomplishments and challenges and considers the national and international impact President Obama's tenure had on politics The numerous contributors to this book provide a range of perspectives on President Obama's presidency that question conventional thinking covering key issues that include health care education political mobilization gender racial stratification voting patterns and criminal justice Readers will come away with a heightened comprehension of the complex relationships between political structures economic policies and minority interests how Congress traditional and contemporary activists and domestic and international issues all shaped the Obama Presidency and how micro and macro issues such as voting rights voting patterns and Get Out the Vote GOTV initiatives are connected **Can We All Get Along?** Paula McClain, Jessica Carew, 2018-05-04

In a nation built by immigrants and bedeviled by the history and legacy of slavery and discrimination how do we as Americans reconcile a commitment to equality and freedom with persistent inequality and discrimination And what can we do about it This widely acclaimed text by Paula D McClain with new coauthor Jessica D Johnson Carew provides a comprehensive and accessible overview of the historical and contemporary political experience of the major groups African Americans Latinos Asian Americans and American Indians in the United States It explores the similarities and differences in these groups representation and participation in law politics and policymaking discusses the enduring issues and concerns that they face and examines intra and inter group competition and coalition building in the face of enduring conflict and inequality The seventh edition has been thoroughly revised and updated to include coverage of President Barack Obama's second term the 2016 election police brutality and Black Lives Matter and the Dakota Access Pipeline protest movement With a brand new chapter on the intersections of race and gender Can We All Get Along remains unparalleled in its comparative coverage of the current landscape of minority politics in the United States

The Politics of United States Foreign Policy James M. Scott, Jerel A. Rosati, 2023-06-22 What are the factors that shape and determine the foreign policy choices of the United States The Politics of United States Foreign Policy helps

students consider the players processes and politics that drive US decisions and involvement in foreign policy Blending substance theory and stimulating analysis James Scott and Jerel Rosati emphasize that society government and global forces play a role in the struggle over competing values when it comes to foreign policymaking The book discusses historical patterns the president s ability to influence both at home and abroad and the tension between democracy and national security The Eighth Edition has been updated to cover developments since the end of the Trump administration the transition to the Biden administration the challenges of changing international and domestic contexts and the increasingly partisan political environment It also incorporates key recent national and international developments including the global pandemic the Russian invasion of Ukraine US global reengagement and competition between the US and key rivals like China and Russia

America in the Age of Trump Douglas E. Schoen, Jessica Tarlov, 2018-10-23 America in the Age of Trump is a bracing essential look at the failure of a great nation to meet the needs of its people and the challenges of the age and the resulting collapse of public trust in government as well as a pervasive crisis of national values from broken families to a loss of faith in the American idea itself This crisis of values occurs just as the country faces an unprecedented array of fiscal economic social and national security challenges out of control federal spending frighteningly large deficits massive gaps of income and opportunity cultural division and a dangerous world in which American power seems increasingly incidental In America in the Age of Trump Douglas E Schoen and Jessica Tarlov offer a definitive and unique assessment of a nation in turmoil looking beneath well known problems to identify underlying yet poorly understood causes Readers will confront the crises one by one of trust values and governance of education economic opportunity and fiscal solvency of national security domestic tranquility and race relations America in the Age of Trump gathers in one place a clear and comprehensive evaluation of the fundamental issues confronting the American future while offering bold fresh approaches to meeting these challenges Other books have described the specter of American decline but none has been so comprehensive in its diagnosis or forward looking and non ideological in its remedies explaining how we might yet overcome national self doubt to reclaim our traditional optimism reassert our place in the world and secure a prosperous future for our citizens

Fast Politics Laura Pérez Rastrilla, Pablo Sapag M., Armando Recio García, 2023-10-17 The goal of this book is to show the role of TikTok as a tool for political purposes To this end the authors analyse the messages posted on this social medium by political figures and institutions such as politicians and political parties their impact on political landscapes as well as the transformation of political communication techniques in order to suit the platform s features In the last two years the exponential growth of TikTok has led an increasing number of politicians and institutions to incorporate it into their communication strategies The platform displays some very different features from other social media that determine the way in which the content is presented In addition it manages to reach an audience that normally does not access or share political messages Within this context the volume pursues two main objectives First to examine how the communication techniques and the peculiarities of

this social medium where short videos with actors in informal attitudes prevail affect the political message A second objective is to analyse the influence of the messages distributed through TikTok that redefine political scenarios and of the relationships of politicians and parties with voters The core of the book comprises case studies that are organised into three parts with nine chapters in all The authors are scholars and practitioners of political communication with diverse geographical representation who approach the topics from a range of methodological perspectives The first part addresses the state of the art and the influence of TikTok features on the way political communication is performed The second part discusses the influence of TikTok on electoral scenarios and political culture in India Bangladesh the United States and Ecuador Finally in the third part TikTok is analysed as an instrument for promoting far right politicians and parties in Europe as in the case of Matteo Salvini in Italy and AfD in Germany and Vox in Spain The volume is oriented to both scholars and communication professionals such as journalists communication consultants and speechwriters who want to become familiar with the platform learn about its political impact or wish to deepen their understanding of transformations in communication techniques and their adaptation to this growing social medium Chapter 2 The Moving Body as the Articulator Meme and Affective Link in Political Communication on TikTok is available open access under a Creative Commons Attribution 4.0 International License via link [springer.com](https://www.springer.com)

American Government Scott F. Abernathy, 2018-11-14 The main strength of this book is that it presents a human side to American Government that challenges students to think critically while still presenting the teaching side with objectives self tests and chapter reviews Kathleen Barrett University of West Georgia In the Second Edition of *American Government* author Scott F Abernathy tunes in to the voices of all Americans showing how our diverse ideas shape the way we participate and behave the laws we live by and the challenges we face From the Constitutional Convention to Ferguson Missouri each chapter features rich personal narratives that illustrate how the American political system is the product of strategies calculations and miscalculations of countless individuals It focuses on real people the actions they take the struggles they face and how their choices influence outcomes The key concepts are memorable because they are tied to real politics where students see political action and political choices shaping how institutions advance or impede the fulfillment of fundamental ideas Participation is at the heart of this groundbreaking new text with ample background on how and why to participate Not only will all students see themselves reflected in the pages but they will come to understand that they too are strategic players in American politics with voices that matter A Complete Teaching and Learning Package SAGE Vantage Digital Option Engage Learn Soar with SAGE Vantage an intuitive digital platform that delivers *American Government* Second Edition textbook content in a learning experience carefully designed to ignite student engagement and drive critical thinking Built with you and your students in mind it offers easy course set up and enables students to better prepare for class Contact your rep to learn more Assignable Video Assignable Video available on the SAGE Vantage platform is tied to learning objectives and curated exclusively for this text to bring concepts to life and

The Oxford Handbook of American Political History Paula Baker, Donald T. Critchlow, 2020 This collection of essays by twenty nine distinguished scholars provides readers with a complete overview of American politics and policy that can be found in any single volume These essays reveal that American politics historically is volatile not given easily to civility and polarizing at the same time they explore important political developments in addressing real issues confronting the nation and the world

True Blues Adam Hilton, 2021-06-11 This book examines the transformation of the Democratic Party from the 1930s to the Obama administration

Religion in the Age of Obama Juan M. Floyd-Thomas, Anthony B. Pinn, 2018-08-23 This is the first book to focus on the significance of religion during President Obama's years in the White House Addressing issues ranging from identity politics immigration income inequality Islamophobia and international affairs Religion in the Age of Obama explores the religious and moral underpinnings of the Obama presidency and subsequent debates regarding his tenure in the White House It provides an analysis of Obama's beliefs and their relationship to his vision of public life as well as the way in which the general ethos of religion and non religion has shifted over the past decade in the United States under his presidency Topics include how Obama has employed religious rhetoric in response to both international and domestic events his attempt to inhabit a kind of Blackness that comforts and reassures rather than challenges White America the limits of Christian hospitality within U S immigration policy and the racialization of Islam in the U S national imagination Religion in the Age of Obama shows that the years of the Obama presidency served as a watershed moment of significant reorganization of the role of religion in national public life It is a timely contribution to debates on religion race and public life in the United States

The Intersection of Race and Gender in National Politics Wanda Parham-Payne, 2016-11-21 The Intersection of Race and Gender in National Politics is an exploratory analysis that not only looks at the role black women have played in the national political arena but also examines the sociohistorical forces that have facilitated and or prevented the presence of black women in this arena most specifically in the White House

The book utilizes refereed journal articles newspaper accounts semi structured interviews focus groups and secondary data analyses to identify and detail the individual and reciprocating impact of race and gender on black women in national politics Looking at the experiences of select black women in the national political arena challenges and opportunities for black women in the pursuit of the U S presidency are identified Special attention is paid to the media recent changes to the Voting Rights Act and campaign finance
