Joel I. Klein,Condoleezza Rice,Julia Levy,2014-05-14 The United States failure to educate its students leaves them unprepared to compete and threatens the country's ability to thrive in a global economy and maintain its leadership role This report notes that while the United States invests more in K 12 public education than many other developed countries its students are ill prepared to compete with their global peers According to the results of the 2009 Program for International Student Assessment PISA an international assessment that measures the performance of 15 year olds in reading mathematics and science every three years U S students rank fourteenth in reading twenty fifth in math and seventeenth in science compared to students in other industrialized countries The lack of preparedness poses threats on five national security fronts economic growth and competitiveness physical safety intellectual property U S global awareness and U S unity and cohesion says the report Too many young people are not employable in an increasingly high skilled and global economy and too many are not qualified to join the military because they are physically unfit have criminal records or have an inadequate level of education The report proposes three overarching policy recommendations implement educational expectations and assessments in subjects vital to protecting national security make structural changes to provide students with good choices and launch a national security readiness audit to hold schools and policymakers accountable for results and to raise public awareness *An Inconvenient Book* Glenn Beck,2007-11-20 Glenn Beck the New York Times bestselling author of *The Great Reset* tackles some of our country's biggest problems in this funny outrageous and entertaining book Glenn Beck believes that the reason why some of our biggest problems never seem to get fixed is simple the solutions just aren't very convenient

And as the host of a nationally syndicated radio show and a prime time television show on CNN Headline News Glenn Beck doesn't care much about convenience he cares about common sense Take the issue of poverty for example Over the last forty years America's poorest cities all had one simple thing in common but politicians will never reveal what that is or explain how easy it would be to change Global warming is another issue that's rife with lies and distortion How many times have we heard that carbon dioxide is responsible for huge natural disasters that have killed millions of people The truth is it's actually the other way around as CO2 has increased deaths from extreme weather have decreased But that would never be shown in an Al Gore slide show Combining honesty with a biting sense of humor An Inconvenient Book contains hundreds of these why have I never heard that before types of facts that will leave readers wondering how political correctness special interests and outright stupidity have gotten us so far away from the common sense solutions this country was built on

Science of Spirit Robert Donald Tonelli, 2011-01-17 Beyond the Secret Beyond the Power of Now is the Science of Spirit a Deeper look at life Why are we here alive on planet earth trapped in a life of 9 to 5 wage slavery Science of Spirit Lost Keys to the Kingdom of Heaven on Earth shows that all life on planet earth and in the universe is based on an evolution of consciousness from the beginning of time the Big Bang It clarifies the connectedness of all life with Science and to Spirit through the understanding of world old Hermetic Teachings in a balance of Reason and Faith Consciousness is the very fabric that all form is made out of and is the ground of all beingness of life Consciousness and the energy that makes up matter are inextricably combined or linked emerging in a sequence of events called occasions of experience that ultimately create our experiences in life and our reality The universe isn't made of things or particles It's a process It's made up of events The result of this evolution of consciousness is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super conscious species of humanity moving through an Omega Point in time between 2011-2013 These Hermetic Teachings were clarified for me through the teaching of Ramtha and his Ancient Gnostic School much of what I have learned in 20 years my philosophy of life has its foundation in Ramtha's philosophy Our accelerating consciousness is moving to a quantum existence of Spirit in Mass God Man realized alive with all the lower species of life specifically the Sheeple of Economic Western Society The Science of Spirit is based on my personal experience my research and my understanding of the ancient philosophy that this work comes from It uses from research the philosophy and experience of other very credible people that have studied different aspects of a Science of Spirit as a philosophy to live by I use this eclectic approach to build an accurate model of reality based in consciousness that

allows us to create our own reality once we rid ourselves of the illusions of society This approach gives credibility to my overall viewpoint a modern interpretation of a very old philosophy and way of life A Science of Spirit that is inherent in Mother Nature It goes in depth about understanding What Consciousness Is An Analogical State of Awareness that is continuously evolving faster and faster to the eternal Now Moment It uses the discovery of a new perspective of the Mayan Calendar that is supposed to end in a religious Apocalypse at The Omega Point in time around 2012 as its foundational understanding of an Evolution of Consciousness on earth This philosophy and research show an Evolution of Consciousness a rising of an Analogical Awareness of life revealing a Science to the nature of Spirit It explains from a new perspective this battle between the Forces of Good and Evil at The End of Time This Ancient Science of Spirit philosophy explains how the primeval forces of life Spirit that are inherent in Mother Earth growing for 16 4 billion years are pitted against the dogmatic stagnant god fearing personalities that runs the Engines of Commerce of our Global Society with their focus on monetary control of the people and the planet This is a real life battle between evolving evolutionary beings against the Anti Christ Social Consciousness of The Multi National Corporations Religious dogmas talk about an Apocalypse at the end of time to help warn us of our impending doom the remarkable thing is that the word Apocalypse means the lifting of a veil or a disclosure to certain privileged persons of something hidden from the majority of humankind I will show in this book that the lifting of a veil is a rising of consciousness that knows no fear of the unknown and clarifies ancient predictions of the end days and the real battle of Armageddon This ancient Science
