Most Americans are more aware of the workings of the federal government than of their own state governments But these laboratories of democracy constitute perhaps the most creative components of the American political experiment This book serves as a guide for students of government and provides a historical context for understanding the forces at work in the state s political system Among the states Tennessee s unique blend of legislative and executive powers is in some respects far more a product of personality than political ideology This second edition describes these often colorful leaders and the issues they grappled with including education health care corrections economic development and other key factors A full analysis of government institutions embodied in the legislative executive and judicial branches is supplemented by added attention to county government and public administration Fully up to date this edition also provides key chapters on the media political campaigns and the rising dominance of the Republican Party in recent decades In addition it focuses on how a new generation of politicians among them Governor Bill Haslam House Speaker Beth Harwell and Knoxville Mayor Madeline Rogero have emerged to carry on the legacy of state leadership William Lyons is the chief policy officer for the City of Knoxville and a professor emeritus of Political Science at the University of Tennessee Knoxville John M Scheb II is a professor of political science at the University of Tennessee Knoxville and a faculty fellow of the Howard H Baker Jr Center for Public Policy Billy Stair served for eighteen years in the legislative and executive branches of state government including eight years as senior policy advisor to the governor Joseph G Jarrett is a lecturer in the Department of Political Science at the University of Tennessee Knoxville and has been practicing public sector law for over two decades He served as Knox County s law director from 2008 2012
