Protestants mainly in the form of homeschooling It also considers Muslim schools not currently a force in private schooling or the subject of much debate but perhaps next in line to make their case for a place in America's educational landscape Near the end of the 19th century publicly financed publicly administered schooling emerged as the default educational arrangement for American children But this supremacy has not gone unchallenged The sectarian schools that in fact predate public education in America have survived even thrived over the past century Multiple religious communities including those that opposed sectarian schooling in earlier generations have now embraced it for their children
