peppers*

similarly perceptible in other aspects of Baudelaire's poetic language beyond the discursive in the poems formal considerations which retain recognisable traces of verse despite their prose presentation and with respect to both poetic form and thematics in the sights and sounds that contribute to their poeticity With a focus on what makes prose texts poetic this study sheds light on Baudelaire the practitioner of the prose poem as he navigated and complicated the boundaries between verse prose and poetry Rather than rejecting those categories Baudelaire forges a poetic space in which the notions of poetry and prose are recast juxtaposed in a delicate balance in a textual space they manage to share This coexistence of poetry and prose previously thought of as incompatible is the underlying tension and framework that contributes importantly to the modernity of his prose poetry In turn this new mode of poetry calls for new modes of reading poetry and new ways of engaging with a text
