single activity The five regional chapters that follow focus primarily on the basics in a given area of the state getting around shopping lodging dining and entertainment Once you've chosen the adventure of your dreams you can go to the appropriate regional chapter to get the scoop on the best places in the vicinity to stay eat buy gear rent a car and learn about local culture and history Outdoor travelers also are likely independent travelers A multitude of companies offer exciting sounding jaunts to scenic places all over the state but many of these outfits work only with tour providers such as cruise ship operators to obtain large numbers of clients per trip thus excluding people who wish to travel on their own In this guide all our listings are available to independent travelers as well as those in tour groups The objective is not to provide the most information about destinations or attractions but rather the most useful information The guide is opinionated and for good reason Any destination or outfitter listed here has made the cut by proving itself a wonderful place to visit or a reliable company with which to do business If for example you want to learn more about sea kayaking in Alaska you will not be supplied with every operation in the business and believe us there are many of them competing for your dollars What you will get is a select assortment of those we consider best and why After all isn't the point of a guidebook to help you make the most informed choices
