technology in teacher skill development and training as well as key pedagogical developments and methods Highlighting a range of topics such as teacher preparation programs teaching standards and fieldwork and practicum experiences this multi volume book is designed for pre service teachers teacher educators researchers professionals and academics in the Education Flashpoints Alan J. Singer, 2014-04-24 Drawing on his widely read Huffington Post columns rated one of the top educational blogs in the United States Alan Singer introduces readers to contemporary issues in education in the United States The issues are presented with a point of view and an edge intended to promote widespread classroom debate and discussion Each section opens with a new topical summary essay followed by a series of brief essays updated and adapted from Huffington Post columns The book includes guest contributions guiding questions and responses to essays by teacher education students and teachers to further classroom discussion Education Flashpoints is written in a conversational style that draws readers into a series of debates by presenting issues in a clear and concise manner but also with a touch of irony and a bit of rhetorical bite The topics examined in these essays read like the latest newspaper headlines in the battle to define public education in the United States Evaluating Teacher Education Programs through Performance-Based Assessments Polly, Drew, 2016-02-10 Performance based assessments have become a critical component of every teacher education program Such assessments allow teacher candidates to demonstrate their content and pedagogical knowledge skills and dispositions in an authentic setting Evaluating Teacher Education Programs through Performance Based Assessments analyzes and discusses the theory and concepts behind teacher education program evaluation using assessment tools such as lesson plans classroom artifacts student work examples and video recordings of lessons Emphasizing critical real world examples and empirically based studies this research based publication is an ideal reference source for university administrators teacher educators K 12 leaders and graduate students in the field of education

Alternatives to Privatizing Public Education and Curriculum Daniel Ness, Stephen J. Farenga, 2017-03-16 Through conversations in honor of Dale D Johnson this book takes a critical view of the monoculture in curriculum and policy that has developed in education with the increase of federal funding and privatization of services for public education and examines the shift from public interest and control to private and corporate shareholder hegemony Most states educational responsibilities assessment of constituents curriculum development and instructional protocols are increasingly being outsourced to private enterprises in an effort to reduce state budgets These enterprises have been given wide access to state resources such as public data from state sanctioned testing results field testing rights to public schools and financial assistance Chapter authors challenge this paradigm as well as the model that has set growing premiums on accountability and performance measures Connecting common impact between the standards movement and the privatization of education this book lays bare the repercussions of high stakes accountability coupled with increasing privatization Winner of The Society of Professors of Education Book Award 2018
