Advances in Sustainable Building Materials, Design and Energy Systems Sanjay Kumar,Brahim ElBhiri,2025-01-23 This
book is a great opportunity to make the research community discuss the dangerous environmental challenges such as climate
change and its huge effects in addition to the world's reliance on fossil fuel and non renewable resources In recent years the
authors have been focused on the advancements of technology and how it can improve our lives but the authors often
overlook the fact that it is creating an unsustainable approach that comes at a high cost which makes a sustainable approach
to cities necessary focusing on accessible public transport energy water and food security and regenerating compact fabric
areas To discuss how to reach this sustainable approach IEREK held the Advances in Energy Research Materials Science and
Built Environment EMBE conference from October 3 to 4 2024 with attendees from all over the world It provides an
opportunity to exchange ideas and solutions on urban planning sustainable architecture climate change mitigation and

innovative design The EMBE conference hosts a variety of knowledgeable keynote speakers and researchers who discussed the integration of technology in sustainable urban planning green urbanism preservation of coastal areas innovative renewable materials and responsive architecture The book covers a wide range of scientific knowledge that can lead humanity toward a sustainable and greener future
