Research During Medical Residency Lynne Bianchi, 2022-06-07 This book is a guide for medical residents and faculty in the fundamentals of clinical research publication practices and conference skills. It offers advice on how to incorporate scholarly activities into training routines so the process becomes more manageable and less burdensome. Suggestions for pursuing other scholarly activities outside of clinical research are also offered. Participation in research and other scholarly activities is a requirement for graduation from medical residency programs in the United States and many other countries. Faculty physicians who train residents are also required to produce annual scholarly work. Adding scholarship onto an already long list of requirements often feels a bit daunting to medical residents and the faculty who teach them. Fortunately there are many forms of scholarly activity including basic and clinical research quality improvement projects and educational assessments so everyone can find interesting and feasible projects to complete. This valuable reference provides

users with a reliable source to turn to whenever they have questions on how to develop conduct publish or present a research project Written with the perspective of busy faculty and residents in mind the content balances the need for enough detail to be instructive with the need for quick access to key points Principles of Scientific Writing and Biomedical Publication Phil B. Fontanarosa, Annette Flanagan, Philip Greenland, 2024 Publication of biomedical research is essential for improvement and advancement of medical science and clinical practice The history of scientific publication including journals devoted to medical science dates to the 1600s The number of peer reviewed scientific journals is estimated to be in the tens of thousands and the number of journals especially with the increasing creation of open access publications continues to expand Yet despite the long history of and ubiquitous nature of scientific publications the core principles involved in biomedical publication as well as the specific skills of writing and manuscript preparation are not commonly taught in a formal or comprehensive way in medicine public health or research curricula Nancy Caroline's Emergency Care in the Streets Essentials Package American Academy of Orthopaedic Surgeons (AAOS), 2022-07-29 Nancy Caroline's Emergency Care in the Streets Essentials Package includes Content Instruction Student Learning Materials Textbook Instructor Guide Practice Activities Audiobook Assessments Analytics Slides Only available when assigned by instructors Nancy Caroline's Emergency Care in the Streets Ninth Edition is the newest evolution of the premier paramedic education training program This legendary paramedic textbook was first developed by Dr Nancy Caroline in the early 1970s and transformed paramedic education Today lead editors Bob Elling and Barb Aehlert along with the American Academy of Orthopaedic Surgeons are proud to continue this legacy and set the new gold standard for the paramedics of tomorrow The Ninth Edition offers cutting edge evidence based content that meets or exceeds the most current scientific recommendations developed by the International Liaison Committee on Resuscitation ILCOR and the ECC Guidelines established by the American Heart Association and other resuscitation councils around the world Clear chapter objectives align with the 2019 National EMS Scope of Practice Model and 2021 EMS Education Standards Thoroughly reviewed by medical doctors and subject matter experts the Ninth Edition teaches students the technical skills required of today's paramedic while emphasizing other important professional attributes including critical thinking empathy teamwork communication problem solving and personal well being Taking a systemic approach to the assessment and management of traumatic and medical emergencies and devoting entire chapters to special topics such as mass casualty incidents the Ninth Edition covers the full scope of paramedic practice Some of the key high level updates to the Ninth Edition include the following Language carefully reviewed throughout text to ensure gender neutrality racial inclusivity and nonstigmatizing descriptions of patient conditions NEW Street Smarts boxes throughout the text to emphasize the soft skills expected of today's paramedics Images updated to reflect appropriate PPE in the current COVID 19 setting Added emphasis on current spinal motion restriction guidelines Thoroughly reviewed and updated references statistics and case studies CPR and ACLS algorithms updated throughout text
