Who Reads Ulysses? Julie Sloan Brannon, 2013-10-28. Julie Sloan Brannon examines the Joyce Wars as a fascinating nexus of the conflicts between scholars and ordinary readers and one that illuminates the existence of Ulysses and, by extension, Joyce as an example of Lyotard's differend, an icon that exists simultaneously in two separate yet contradictory discourses, each of which silences the other. The Academic Joyce is radically different from the Public Joyce, and yet neither could exist independently. Tangled up in this conflicted space are the interests of the common reader, a nebulously defined entity, and the continuing controversies illustrate the strange relationship between academics, readers, and editors. Who Reads Ulysses? calls for us to look not only at questions of authorship raised by editorial theory but to look carefully at who reads Ulysses and why they read it. This volume provides fruitful ways to explore the subversive nature of text for readers both in and out of the academy.

Relational Designs in Literature and the Arts, 2012-01-01. This collection focuses on texts that address the other arts, from painting to photography, from the stage to the screen, and from avant garde experiments to mass culture. Despite their diversity of object and approach, the essays in Relational Designs coalesce around the argument that representations are defined by relations and dynamics rather than intrinsic features. This rationale is supported by the discourses and methodologies favoured by the book's contributors; their approaches offer a cross section of the intellectual and critical environment of our time. The book illustrates the critical possibilities that derive from the broad range of modes of inquiry: poststructuralist criticism, gender studies, postcolonial studies, new historicism. That the book's four sections bring to bear on a wealth of intermedial practices. But Relational Designs compounds such critical emphases with the voice of the practitioner; the book is rounded off by an interview in which

a contemporary novelist discusses her attraction to the other arts in terms that extend the book's insights and bridge the gap between academic discourse and artistic practice History of Western Civilization II Pauline Relyea Anderson, Eugene Newton Anderson, 1957 **Congressional Record** , 1889 American Education , 1983 Readers' Guide , 1915
