American Life in the Seventeenth Century, 1607–1692

PART I: REVIEWING THE CHAPTER

A. Checklist of Learning Objectives

After mastering this chapter, you should be able to:

1. Describe the basic economy, demographics, and social structure and life of the seventeenth-century colonies.
2. Compare and contrast the different forms of society and ways of life of the southern colonies and New England.
3. Explain how the practice of indentured servitude failed to solve the colonial labor problem and why colonists then turned to African slavery.
4. Describe the character of slavery in the early English colonies and explain how a distinctive African American identity and culture emerged from the mingling of numerous African ethnic groups.
5. Summarize the unique New England way of life centered on family, town, and church, and describe the problems that afflicted this comfortable social order in the late seventeenth century.
6. Describe family life and the roles of women in both the southern and New England colonies, and indicate how these changed over the course of the seventeenth century.

B. Glossary

To build your social science vocabulary, familiarize yourself with the following terms.

1. **headright** The right to acquire a certain amount of land granted to the person who finances the passage of a laborer. "Masters—not servants themselves—thus reaped the benefits of landownership from the headright system."
2. **disfranchise** To take away the right to vote. "The Virginia Assembly in 1670 disfranchised most of the landless knockabouts. . . ."
3. **civil war** Any conflict between the citizens or inhabitants of the same country. "As this civil war in Virginia ground on. . . ."
4. **indentured servant** A laborer bound to unpaid service to a master for a fixed term, in exchange for benefits such as transportation, tools, and clothes. "There they boarded ship for America as indentured servants. . . ."
5. **tidewater** The territory adjoining water affected by tides—that is, near the seacoast or coastal rivers. "Bacon . . . had pitted the hard scrabble backcountry frontiersmen against the haughty gentry of the tidewater plantations."
