Fan Favorite Music Learning:

The Oxford Handbook of Social Media and Music Learning Janice L. Waldron, Stephanie Horsley, Kari K. Veblen, 2020 The Oxford Handbook of Social Media and Music Learning provides fascinating insights into the ways in which social media musical participation and musical learning are increasingly entwined

The New Handbook of Research on Music Teaching and Learning Richard Colwell, Carol Richardson, 2002-04-18 Featuring chapters by the world's foremost scholars in music education and cognition this handbook is a convenient collection of current research on music teaching and learning This comprehensive work includes sections on arts advocacy music and medicine teacher education and studio instruction among other subjects making it an essential reference for music education programs The original Handbook of Research on Music Teaching and Learning published in 1992 with the sponsorship of the Music Educators National Conference MENC was hailed as a welcome addition to the literature on music education because it serves to provide definition and unity to a broad and complex field Choice This new companion volume again with the sponsorship of MENC explores the significant changes in music and arts education that have taken place in the last decade Notably several chapters now incorporate insights from other fields to shed light on multi cultural music education gender issues in music education and non musical outcomes of music education Other chapters offer practical information on maintaining musicians health training music teachers and evaluating music education programs Philosophical issues such as musical cognition the philosophy of research theory curriculum and educating musically are also explored in relationship to policy issues In addition to surveying the literature each chapter considers the significance of the research and provides suggestions for future study Covering a broad range of topics and addressing the issues of music education at all age levels from early childhood to motivation and self regulation this handbook is an invaluable resource for music teachers researchers and scholars

TeenSet, Teen Fan Magazines, and Rock Journalism Allison Bumsted, 2024-10-15 Since the magazine's first issue in 1964 TeenSet's role in popular music journalism has been overlooked and underappreciated Teen fan magazines often written by women and assumed to be read only by young girls have been misconstrued by scholars and journalists to lack seriousness in their coverage of popular music TeenSet Teen Fan Magazines and Rock Journalism Don't Let the Name Fool You disputes the prevailing conception that teen fan magazines are insignificant and elevates the publications to their proper place in popular music history Analyzing TeenSet across its five year publication span Allison Bumsted shows that the magazine is an important artifact of 1960s American popular culture Through its critical commentary and iconic rock photography TeenSet engaged not only with musical genres and scenes but also broader social issues such as politics race and gender These countercultural discourses have been widely overlooked due to a generalization of teen fan magazines which have wrongly presumed the magazine to be antithetical to rock music and as unimportant to broader American culture at the time Bumsted also examines the leadership of editor Judith Sims and female TeenSet staff writers such as Carol Gold

By offering a counternarrative to leading male oriented narratives in music journalism she challenges current discourses that have marginalized women in popular music history Ultimately the book illustrates that TeenSet and teen fan magazines were meaningful not only to readers but also to the broader development of the popular music press and 1960s cultural commentary

How Popular Musicians Learn Lucy Green, 2017-03-02 Popular musicians acquire some or all of their skills and knowledge informally outside school or university and with little help from trained instrumental teachers How do they go about this process Despite the fact that popular music has recently entered formal music education we have as yet a limited understanding of the learning practices adopted by its musicians Nor do we know why so many popular musicians in the past turned away from music education or how young popular musicians today are responding to it Drawing on a series of interviews with musicians aged between fifteen and fifty Lucy Green explores the nature of pop musicians informal learning practices attitudes and values the extent to which these altered over the last forty years and the experiences of the musicians in formal music education Through a comparison of the characteristics of informal pop music learning with those of more formal music education the book offers insights into how we might re invigorate the musical involvement of the population Could the creation of a teaching culture that recognizes and rewards aural imitation improvisation and experimentation as well as commitment and passion encourage more people to make music Since the hardback publication of this book in 2001 the author has explored many of its themes through practical work in school classrooms Her follow up book *Music Informal Learning and the School A New Classroom Pedagogy* 2008 appears in the same Ashgate series

The World in Your Hands. Vol 01. Marcelo Gameiro, 2023-05-11 Introducing the ultimate guide to exploring the world All Countries of the World This comprehensive book provides a wealth of information on every country on the planet they are in alphabetical order from volume 1 to 10 each volume will contain 20 countries covering all aspects of their history language food sports nature arts religion economy education people culture music interesting facts and geography Each chapter dives deep into the unique features and characteristics of each country providing insights into what makes them special and how they contribute to the diversity of our world Whether you re an avid traveler a curious learner or simply someone who wants to expand their knowledge of the world All Countries of the World is the perfect resource for you With detailed information this book will take you on a journey across the globe discovering new and exciting places along the way To test your comprehension and enhance your learning multiple choice questions are provided at the end of each country s description with answers included Get ready to embark on an adventure like no other with All Countries of the World the ultimate guide to exploring the world s rich and diverse cultures
