

Essay Questions:

- Choose a particular idea or theme, such as romantic love, death, or nature, and consider how it is treated in two Romantic poems.
- How do the different authors we have studied so far define and describe oppression?
- Compare Frye's and Bartky's accounts of oppression. What does each imply about women's collusion in their own oppression? Which is more accurate?
- In the texts we've studied, soldiers who served in different wars offer differing accounts of their experiences and feelings both during and after the fighting. What commonalities are there in these accounts? What factors do you think are responsible for their differences?

essay questions are so cryptic and perplexing that students can't make any sense of them. Without the ability to figure out what a question is asking them to do, baffled undergraduates sink into despair and exasperation. How To Decode Essay Titles is here to show the way forward. It introduces a three-stage technique which will allow students to unscramble a university-level essay question, revealing the task that it is asking them to perform. An appropriate outline for the prospective essay. A full exploration of the question's subject. A clear indication of the information sources that they will need to seek. The technique is illustrated with dozens of sample essay questions and finishes with three fully worked examples. Essay Question Formative Assessments in Large Section Courses Andrea Anne Curcio, Gregory Todd Jones, Tanya Washington, 2015. Do formative assessments via practice exercises accompanied by generalized feedback make a difference in student final essay and short answer exam performance? If so, does the practice help some students more than others? We sought to answer these questions in two studies performed with law students. We also sought to devise a duplicable model for examining those same questions across disciplines. Finally, we hoped to develop an easily workable method to provide practice and feedback to large section courses without unduly burdening faculty. This chapter discusses our findings that practice exercises and generalized feedback formative assessments can be done in large section courses with minimal additional professorial work and that the effects of that practice can be easily studied. The chapter also discusses our findings that although practice exercises accompanied by annotated model answers and grading rubrics had a positive effect on student final exam performance on essay questions and short essay/short answer test questions, the effects of the practice and feedback did not benefit all students equally: the students with the highest grade predictors received the greatest benefit from the formative assessments. This chapter explains the work and its implications for student learning as well as for future research.

Preparing Effective Essay Questions Christian M. Reiner, Timothy W. Bothell, Richard R. Sudweeks, 2003-01-01. Do you want to improve the use of essay questions but have little time to review existing research? Or are you concerned about using essay questions to obtain useful information about student learning? If so, this workbook series is for you. Although essay questions are one of the most commonly used methods for assessing student learning, they are sometimes misunderstood and ineffectively used. Writing effective essay questions requires training and practice. This workbook series was developed to provide self-guided training and practice in discerning the often-difficult-to-see characteristics of effective essay questions and to support educators in the development and use of essay questions. **Siegel's Corporations** Brian N.
