Federal Register ,1979-12 *Modern Perspectives in Western Art History* W. Eugene Kleinbauer,Medieval Academy of America,1989-01-01 A collection of essays that reflect the breadth of twentieth century scholarship in art history Kleinbauer has sought to illustrate the variety of methods scholars have developed for conveying the unfolding of the arts in the Western world Originally published by Holt Rinehart and Winston 1971 **Modern Playhouses** Alistair Fair,2018-03-16 Modern Playhouses is the first detailed study of the major programme of theatre building which took place in Britain between the

1950s and the 1980s Drawing on a vast range of archival material much of which had never previously been studied by historians it sets architecture in a wide social and cultural context presenting the history of post war theatre buildings as a history of ideas relating not only to performance but also to culture citizenship and the modern city During this period more than sixty major new theatres were constructed in locations from Plymouth to Inverness Aberystwyth to Ipswich The most prominent example was the National Theatre in London but the National was only the tip of the iceberg Supported in many cases by public subsidies these buildings represented a new kind of theatre conceived as a public service Theatre was ascribed a transformative role serving as a form of productive recreation at a time of increasing affluence and leisure New theatres also contributed to debates about civic pride urbanity and community Ultimately theatre could be understood as a vehicle for the creation of modern citizens in a consciously modernizing Britain Yet while recognizing as contemporaries did that the new theatres of the post war decades represented change Modern Playhouses also asks how radically different these buildings really were and what their mainstream architecture reveals of the history of modern British architecture and of post war Britain

Forms of Expansion Lynn Keller,1997-08-04 Expanding the boundaries of both genre and gender contemporary American women are writing long poems in a variety of styles that repossess history reconceive female subjectivity and revitalize poetry itself In the first book devoted to long poems by women Lynn Keller explores this rich and evolving body of work offering revealing discussions of the diverse traditions and feminist concerns addressed by poets ranging from Rita Dove and Sharon Doubiago to Judy Grahn Marilyn Hacker and Susan Howe Arguing that women poets no longer feel intimidated by the traditional associations of long poems with the heroic public realm or with great artistic ambition Keller shows how the long poem s openness to sociological anthropological and historical material makes it an ideal mode for exploring women s roles in history and culture In addition the varied forms of long poems from sprawling free verse epics to regular sonnet sequences to highly disjunctive experimental collages make this hybrid genre easily adaptable to diverse visions of feminism and of contemporary poetics
