Jehovah's Witnesses in Europe Gerhard Besier, Katarzyna Stokłosa, 2021-08-18 The history of Jehovah's Witnesses in Europe has always been one of persecution. This third volume documents this history turning eastward. For the first time the circumstances of a religious minority under different political systems can be compared across the continent. The studies gathered here provide insight into the methods of repression used by governments and mainstream churches, the survival strategies of Jehovah's Witnesses and their various experiences under Eastern European dictatorships. The initially cordial relationship with Jehovah's Witnesses that developed after 1990 has steadily reverted to religious discrimination, culminating in Russia's renewed ban of Jehovah's Witnesses in 2017 and the confiscation of their properties. By violating the universal human right of religious freedom, the same conditions that prevailed in the Soviet era have now returned to modern Russia. With severest discrimination and abusing jurisdictional procedures to reach their political aspirations, the State tries to crush a religious community. Against this background, it is all the more important not to turn a blind eye to the situation of religious minorities in Eastern Europe but instead to take an honest public stance against it. Law of the European Convention on Human Rights David John Harris, Michael O'Boyle, Ed Bates, Carla Buckley, 2023 This seminal text offers a comprehensive account of the case law of the ECHR and its underlying principles. It provides a guide to decisions under the Convention and its protocols, article by article, as well as explaining the history and likely development of the law. The African Conundrum Mawere, Munyaradzi, Mubaya, Tapuwa R., 2017-05-22 The African conundrum is rooted out of the historical philosophical and cultural bastardisation, imbalances and inequalities which many post-colonial African governments have always sought to address, though with varying degrees of success since the 1960s. Lamentably, this African conundrum is rarely examined in a systematic manner that takes into account the geopolitical milieu of the continent, past and present. This volume seeks to interrogate and examine the extent of the impact of the geopolitical seesaw which seems poised to tip in favour of the Global North. The book grapples with the question on how Africa can wake up from its cavernous intellectual slumber to break away from both material and psychological dependency and achieve a transformative political and socio-economic self-reinvention and self-assertion. While the African conundrum is largely a result of historic oppression and a resilient colonial legacy, this book urges Africans to rethink their condition in a manner that makes Africa responsible and accountable for its own destiny. The book argues that it is through this rethinking that Africa can successfully transcend the logic of post-imperial dependency. *Under Caesar's Sword* Daniel Philpott, Timothy Samuel Shah, 2018-03-15 The first systematic global study of how Christians respond to persecution, presenting new research by leading scholars of global Christianity. **Historical Dictionary of Jehovah's Witnesses** George D. Chryssides, 2019-05-15 Originating from a small group of Bible students who met under Charles Taze Russell's leadership and grew into an international Society to which the second leader Joseph Franklin Rutherford gave the name Jehovah's Witnesses. Two World Wars shaped Watch Tower attitudes to civil

government armed conflict and medical innovations such as blood transfusion as well as to mainstream churches The twenty first century has seen some important changes in the Watch Tower organization and coverage is given to changes in organizational structure its use of the World Wide Web and its major relocation from Brooklyn to Warwick This updated second edition of Historical Dictionary of Jehovah s Witnesses contains a chronology an introduction and an extensive bibliography The dictionary section has over 300 cross referenced entries on key concepts themes and people relating to Jehovah s Witnesses This book is an excellent resource for students researchers and anyone wanting to know more about Jehovah s Witnesses

Religious Freedom Gerhard Besier,Olaf Lange,Ilkka Huhta,2019-05 Restrictions with respect to religious freedom have been in place in authoritarian states for a number of years We can observe a new period of co operation between authoritarian states and state churches Some churches have assumed a clearly political position even in belligerent conflicts by justifying wars criminalizing their religious competitors and thereby exploiting the Christian Gospel for non Christian purposes In this volume scholars from Europe and North America discuss the core objective of religious freedom in the West and East seeking measures to encourage religions to act and interact independent of deliberate political stances to maintain their distance from territorial governments and to strengthen the principle of religious freedom and thereby their own denomination as well

The European Court of Human Rights and Minority Religions Effie Fokas,James

T Richardson,2020-04-28 This book includes a collection of studies focused on engagements of religious minorities with the European Court of Human Rights ECtHR Beginning with an introduction of the global importance of the ECtHR as a standard setter in the protection of religious minority rights the subsequent five chapters entail critical assessments of some of the Court s case law dealing with religious minority claims exploring their clarity and consistency or lack thereof and controversiality In the process these texts impart a nuanced perspective on the challenges the Court faces in striking the right balance between protecting individual freedoms and respecting state rights to manage nationally and culturally sensitive matters The second set of contributions makes readers privy to the varied results of this balancing act on the ground Specifically it offers empirically based insight into the impact of the Court s religion related case law on grassroots religious minority groups working to defend their individual and communal rights The chapters taken together deepen our understanding of the ECtHR in its approach to and impact on religious minorities and offer a rare vantage point on the Court from the messages it generates to the messages received by religious minorities at the grassroots level The chapters in this book were originally published in Religion State Society the Journal of Muslim Minority Affairs and Democratization

Cases on Diversity, Equity, and Inclusion for the Health Professions Educator O'Malley, Chasity Beth,Levy, Arkene,Chase, Amanda,Prasad, Samiksha,2023-01-16 Currently there is a critical need to integrate diversity and inclusion into health professions curricula and to diversify educators approaches to teaching The COVID 19 pandemic has most recently highlighted the systemic barriers that exist for our most vulnerable patients To address these inequities it is important to promote diversity and inclusion in thought practice and curricular content Social and cultural experiences uniquely influence the learning experience so a plurality of perspectives should be represented in educational material and seen in the classroom Cases on Diversity Equity and Inclusion for the Health Professions Educator serves as a tool to enhance the structure and competencies of learners in health professions This case book engages both

learners and educators in health professions in robust discussions that serve to enhance awareness and knowledge around these issues with the expectation that knowledge will translate into practices that eventually reduce health inequities. Covering topics such as ableism barriers to healthcare access and mental health stigma this case book is an indispensable resource for health professionals educators and students in the health professions hospital administrators medical librarians sociologists government officials researchers and academicians

Democracy, Law and Religious Pluralism in Europe Ferran Requejo, Camil Ungureanu, 2014-09-15 In contrast with the progressive dilution of religions predicted by traditional liberal and Marxist approaches religions remain important for many people even in Europe the most secularised continent In the context of increasingly culturally diverse societies this calls for a reinterpretation of the secular legacy of the Enlightenment and also for an updating of democratic institutions This book focuses on a central question are the classical secularist arrangements well equipped to tackle the challenge of fast growing religious pluralism Or should we move to new post secular arrangements when dealing with pluralism in Europe Offering an interdisciplinary approach that combines political theory and legal analysis the authors tackle two interrelated facets of this controversial question They begin by exploring the theoretical perspective asking what post secularism is and looking at its relation to secularism The practical consequences of this debate are then examined focusing on case law through four empirical case studies This book will be of interest to students and scholars of political theory philosophy religion and politics European law human rights legal theory and socio legal studies

Christians under Covers Kelsy Burke, 2016-02-09 Christians under Covers shifts how scholars and popular media talk about religious conservatives and sex Moving away from debates over homosexuality premarital sex and other perceived sexual sins Kelsy Burke examines Christian sexuality websites to show how some evangelical Christians use digital media to promote the idea that God wants married heterosexual couples to have satisfying sex lives These evangelicals maintain their religious beliefs while incorporating feminist and queer language into their talk of sexuality encouraging sexual knowledge emphasizing women s pleasure and justifying marginal sexual practices within Christian marriages This illuminating ethnography complicates the boundaries between normal and subversive empowered and oppressed and sacred and profane

Reactions to the Law by Minority Religions Eileen Barker, James Richardson, 2020-12-30 Much has been written about the law as it affects new and minority religions but relatively little has been written about how such religions react to the law This book presents a wide variety of responses by minority religions to the legal environments within which they find themselves An international panel of experts offer examples from North America Europe and Asia demonstrating how religions with relatively little status may resort to violence or passive acceptance of the law how they may change their beliefs or practices in order to be in compliance with the law or how they may resort to the law itself in order to change their legal standing sometimes by forging alliances with those with more power or authority to achieve their goals The volume concludes by applying theoretical insights from sociological studies of

law religion and social movements to the variety of responses The first systematic collection focussing on how minority religions respond to efforts at social control by various governmental agents this book provides a vital reference for scholars of religion and the law new religious movements minority religions and the sociology of religion Loss and Change (Psychology Revivals) Peter Marris,2014-10-10 First published in 1974 then reissued in 1986 with a long introduction by the author which developed the analysis in the light of recent theory and related it to work done in the field since its first publication The late Peter Marris shows how understanding grief can help us to understand processes of change both personal and social and to handle them with more compassion for ourselves and others He sees grieving as the working out of a psychological reintegration whose principles are essentially similar whether the structures of meaning of our life fall apart from the loss of a personal relationship of a predictable social context or of an interpretable world Marris draws on his wide ranging research to develop his argument A study of widows a description of the devastating effects of urban renewal projects on people whose familiar neighbourhoods are destroyed an analysis of the activities of tribal associations in Nigeria and reflections on the analogies between scientific and political revolutions are a few of the studies Marris weaves together in tracing the meaning of change and loss in human life **Hot Fudge Sundae in a White Paper Cup** Gwendolyn C. Baker,2014-11-04 A memoir by acclaimed educator and leader Gwendolyn Calvert Baker exploring her life and work *The European Court of Human Rights and the Freedom of Religion or Belief* Jeroen Temperman,T. Jeremy Gunn,Malcolm D. Evans,2019-01-04 As the tensions involving religion and society increase the European Court of Human Rights and the Freedom of Religion or Belief is the first systematic analysis of the first twenty five years of the European Court s religion jurisprudence The Court is one of the most significant institutions confronting the interactions among states religious groups minorities and dissenters In the 25 years since its first religion case Kokkinakis v Greece the Court has inserted itself squarely into the international human rights debate regarding the freedom of religion or belief The authors demonstrate the positive contributions and the significant flaws of the Court s jurisprudence involving religion society and secularism
