Assessing Academic Literacy in a Multilingual Society Albert Weideman, John Read, Theo du Plessis, 2020-11-02
South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy. The dominant medium of instruction in the universities is English and to a much lesser extent Afrikaans but only a minority of the national population are native speakers of these languages. Nine other languages can be media of instruction in schools which makes the transition to tertiary education difficult enough in itself for students from these schools. The focus of this book is on procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully. The volume also aims to bring the innovative solutions designed by South African educators to a wider international audience. *The Continuing Study of Newspaper Reading* Advertising Research Foundation, 1941 **The Compact Edition of the Oxford English Dictionary** Sir James Augustus Henry Murray, 1971 Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933 Business Studies Alex Pinnock, 2012 **Bilum Books BUSINESS STUDIES Grades 11 and 12 Past Exam Questions** Jeffery Wama, 2017-06-01 Questions from Business Studies past exam papers 2011 2016 with detailed answers and explanations and revision notes for each Grade 11 12 Syllabus Unit Business Studies, 1996
