This question paper consists of 18 pages and 3 data sheets.

(QUESTION 5 (Start on a new page.)

A 12 kg block is initially at rest at point A at the bottom of a ROUGH inclined plane. The block is pulled up the incline by a constant force F acting parallel to the incline. The block reaches point B, which is at a vertical height of 4.0 m above the horizontal, with a speed of 2.00 m/s. See the diagram below.

- 5.1 Define the term non-conservative force.
- 5.2 Draw a labelled free-body diagram for the block when it is pulled up the incline.
- 5.3 Calculate the total work done on the block by the NON-CONSERVATIVE forces when the block moves from point A to point B. (4)

The same constant force F now moves the block at a CONSTANT VELOCITY across a rough horizontal surface from point B to point C, as shown below. Force F acts parallel to the horizontal surface.

The magnitude of the constant frictional force acting on the block while moving from point B to point C is 40 N, 40% of the magnitude of the constant frictional force acting on the block when it moves from point A to point B.

- 5.4 Calculate the distance from point A to point B. (5)

Scotland's Choices Iain McLean, 2014-05-30 Scotland's Choices now fully revised for the critical last few months before the referendum explains the choice that Scotland will have to make in September 2014. The authors clearly explain the issues and how each of the options would be put into place.

The Schenley Experiment Jake Oresick, 2017-04-14 The Schenley Experiment is the story of Pittsburgh's first public high school, a social incubator in a largely segregated city that was highly even improbably successful throughout its 156-year existence. Established in 1855 as Central High School and reorganized in 1916, Schenley High School was a model of innovative public education and an ongoing experiment in diversity. Its graduates include Andy Warhol, actor Bill Nunn, and jazz virtuoso Earl Hines, and its prestigious academic program and pensions lured such teachers as future Pulitzer Prize winner Willa Cather. The subject of investment as well as destructive neglect, the school reflects the history of the city of Pittsburgh and provides a study in both the best and worst of urban public education practices there and across the Rust Belt. Integrated decades before *Brown v. Board of Education*, Schenley succumbed to default segregation during the white flight of the 1970s; it rose again to prominence in the late 1980s when parents camped out in six-day-long lines to enroll their children in visionary superintendent Richard C. Wallace's reinvigorated school. Although the historic triangular building was a cornerstone of its North Oakland neighborhood and a showpiece for the city of Pittsburgh, officials closed the school in 2008, citing over 50 million in necessary renovations, a controversial event that captured national attention. Schenley alumnus Jake Oresick tells this story through interviews, historical documents, and hundreds of first-person accounts drawn from a community indelibly tied to the school. A memorable, important work of local and educational history, his book is a case study of desegregation, magnet education, and the changing nature and legacies of America's oldest public schools.

American Military Communities in West Germany John W. Lemza, 2016-05-13 On April 28, 1946, a small group of American wives and children arrived at the port of Bremerhaven, West Germany, the first of thousands of military family members to make the trans-Atlantic journey. They were the basis of a network of military communities, Little Americas, that would spread across the postwar German landscape. During a 45-year period, which included some of the Cold War's tensest moments, their presence confirmed America's resolve to maintain Western democracy in the face of the Soviet threat. Drawing on archival sources and personal narratives, this book explores these enclaves of Americanism from the U.S. government's perspective to the grassroots view of those who made their homes in Cold War Europe. These families faced many challenges in balancing their military missions with their daily lives during a period of dynamic global change. The author describes interaction in American communities that were sometimes separated, sometimes connected with their German neighbors.

Systemic and Non-Systemic Opposition in the Russian Federation Cameron Ross, 2016-03-03 Over the period December 2011–July 2013, a tidal wave of mass protests swept through the Russian Capital and engulfed scores of cities and regions. Civil society, it appeared, had at last woken up. This fascinating book examines the rise and fall of

the non systemic opposition and the role of the systemic political opposition during this turbulent period Leading experts in the field from Russia along with scholars from the UK and the US reflect on the conditions that have made large scale protests possible the types of people who have taken part and the goals of the opposition movement at both the national and regional levels Contributors discuss what steps the regime has taken in response to this challenge and examine the relationship between the systemic and non systemic opposition and what potential exists for the creation of a broad based opposition coalition The role of the expanding Russian middle class is discussed along with contemporary developments among the Russian left against the backdrop of the global economic crisis The political social and ethnic dimensions of the protest movement are also examined at both the national and regional levels in this truly comprehensive study of the rebirth of civil society in modern Russia

Working-Class Utopias Robert M. Fogelson, 2022-10-18 One of the nation's foremost urban historians traces the history of cooperative housing in New York City from the 1920s through the 1970s As World War II ended and Americans turned their attention to problems at home union leaders and other prominent New Yorkers came to believe that cooperative housing would solve the city's century old problem of providing decent housing at a reasonable cost for working class families Working Class Utopias tells the story of this ambitious movement from the construction of the Amalgamated Houses after World War I to the building of Co op City the world's largest housing cooperative four decades later Robert Fogelson brings to life a tumultuous era in the life of New York drawing on a wealth of archival materials such as community newspapers legal records and personal and institutional papers In the early 1950s a consortium of labor unions founded the United Housing Foundation under the visionary leadership of Abraham E Kazan who was supported by Nelson A Rockefeller Robert F Wagner Jr and Robert Moses With the help of the state which provided below market rate mortgages and the city which granted tax abatements Kazan's group built large scale cooperatives in every borough except Staten Island Then came Co op City built in the Bronx in the 1960s as a model for other cities but plagued by unforeseen fiscal problems culminating in the longest and costliest rent strike in American history Co op City

survived but the United Housing Foundation did not and neither did the cooperative housing movement Working Class Utopias is essential reading for anyone seeking to understand the housing problem that continues to plague New York and cities across the nation

Manucha,2022-10-15 Gerard Comeau a retiree living in rural New Brunswick never thought his booze run would turn him into a Canadian hero In 2012 after Comeau had driven to Quebec to purchase cheaper beer and crossed back into his home province police officers participating in a low stakes sting operation tailed and detained him confiscated his haul and levied a fine of less than 300 Countries routinely engage in trade wars and erect barriers to protect domestic industries from foreign competition Comeau however was detained by the full force of the law for engaging in commerce with a Canadian business on the other side of a domestic border With Comeau s story as its starting point Booze Cigarettes and Constitutional Dust Ups tells the fascinating tale of Canadian interprovincial trade Ryan Manucha examines the historical political and legal forces that gave rise to the regulation of interprovincial commerce in Canada the trade offs that come with liberalized domestic free trade and Canada s enduring pursuit of economic union The pandemic laid bare the vulnerability of global supply chains the fickleness of foreign trading partners and the surprising slipperiness of domestic trade In a global climate of increasingly isolationist geopolitics the history and possibility of Canada s economic union quirks and all deserve careful attention Closing Sysco Lachlan MacKinnon,2020-02-27 Closing Sysco presents a history of deindustrialization and

working class resistance in the Cape Breton steel industry between 1945 and 2001 The Sydney Steel Works is at the heart of this story having existed in tandem with Cape Breton's larger coal operations since the early twentieth century The book explores the multifaceted nature of deindustrialization the internal politics of the steelworkers union the successful efforts to nationalize the mill in 1967 the years in transition under public ownership and the confrontations over health safety and environmental degradation in the 1990s and 2000s Closing Sysco moves beyond the moment of closure to trace the cultural historical and political ramifications of deindustrialization that continue to play out in post industrial Cape Breton Island A significant intervention into the international literature on deindustrialization this study pushes scholarship beyond the bounds of political economy and cultural change to begin tackling issues of bodily health environment and historical memory in post industrial places The experiences of the men and women who were displaced by the decline and closure of Sydney Steel are central to this book Featuring interviews with former steelworkers office employees managers politicians and community activists these one on one conversations reveal both the human cost of industrial closure and the lingering after effects of deindustrialization

Professional Journal of the United States Army, 2016-05 *The Years That Matter Most* Paul Tough, 2019-09-12 What has gone wrong in our universities And how do we make it right When Amy applied to university she thought she'd be judged purely on her merits But she never thought that her family background would have as much impact on her future as her grades When KiKi arrived at university she knew she could be the only black woman in her class But she didn't know how out of place she would feel nor how unwelcoming her peers would be When Orry graduated from university he was told he'd probably land a six figure salary But he wasn't told he'd end up barely scraping a living wage struggling to feed his children Drawing on the stories of hundreds of American students *The Years That Matters Most* is a revelatory account of a university system in crisis Paul Tough bestselling author of *How Children Succeed* exposes a world where small town colleges go bust while the most prestigious raise billions every year where overstretched admissions officers are forced to pick rich candidates over smart ones where black and working class students are left to sink or swim on uncaring campuses Along the way he uncovers cutting edge research from the academics leading the way to a new kind of university one where students succeed not because of their background but because of the quality of their minds The result is a call to arms for universities that work for everyone and a manual for how we can make it happen

Parcels Mike Anastario, 2019-05-03 In light of new proposals to control undocumented migrants in the United States *Parcels* prioritizes rural Salvadoran remembering in an effort to combat the collective amnesia that supports the logic of these historically myopic strategies

Mike Anastario investigates the social memories of individuals from a town he refers to as El Norte o a rural municipality in El Salvador that was heavily impacted by the Salvadoran Civil War which in turn fueled a mass exodus to the United States By working with two viajeros travelers who exchanged encomiendas parcels containing food medicine documents photographs and letters between those in the U S and El Salvador Anastario tells the story behind parcels and illuminates their larger cultural and structural significance This narrative approach elucidates key arguments concerning the ways in which social memory permits and is shaped by structural violence particularly the U S actions and policies that have resulted in the emotional and physical distress of so many Salvadorans The book uses analyses of testimonies statistics memories of migration the war and of course the many parcels sent over the border to create an innovative and necessary account of post Civil War El Salvador

Japanese War Criminals Sandra Wilson,Robert Cribb,Beatrice Trefalt,Dean

Aszkielowicz,2017-02-14 Beginning in late 1945 the United States Britain China Australia France the Netherlands and later the Philippines the Soviet Union and the People s Republic of China convened national courts to prosecute Japanese military personnel for war crimes The defendants included ethnic Koreans and Taiwanese who had served with the armed forces as Japanese subjects In Tokyo the International Military Tribunal for the Far East tried Japanese leaders While the fairness of these trials has been a focus for decades Japanese War Criminals instead argues that the most important issues arose outside the courtroom What was the legal basis for identifying and detaining subjects determining who should be prosecuted collecting evidence and granting clemency after conviction The answers to these questions helped set the norms for transitional justice in the postwar era and today contribute to strategies for addressing problematic areas of international law Examining the complex moral ethical legal and political issues surrounding the Allied prosecution project from the first investigations during the war to the final release of prisoners in 1958 Japanese War Criminals shows how a simple effort to punish the guilty evolved into a multidimensional struggle that muddled the assignment of criminal responsibility for war crimes Over time indignation in Japan over Allied military actions particularly the deployment of the atomic bombs eclipsed anger over Japanese atrocities and among the Western powers new Cold War imperatives took hold This book makes a unique contribution to our understanding of the construction of the postwar international order in Asia and to our comprehension of the difficulties of implementing transitional justice
