MEMO-2023

2014 Grade1history Memo

Steven A. Fino

2014 Grade1history Memo:

The Budget of the United States Government United States. Office of Management and Budget,2015 An African American and Latinx History of the United States Paul Ortiz,2018-01-30 An intersectional history of the shared struggle for African American and Latinx civil rights Spanning more than two hundred years An African American and Latinx History of the United States is a revolutionary politically charged narrative history arguing that the Global South was crucial to the development of America as we know it Scholar and activist Paul Ortiz challenges the notion of westward progress as exalted by widely taught formulations like manifest destiny and Jacksonian democracy and shows how placing African American Latinx and Indigenous voices unapologetically front and center transforms US history into one of the working class organizing against imperialism Drawing on rich narratives and primary source documents Ortiz links racial segregation in the Southwest and the rise and violent fall of a powerful tradition of Mexican labor organizing in the twentieth century to May 1 2006 known as International Workers Day when migrant laborers Chicana os Afrocubanos and immigrants from every continent on earth united in resistance on the first Day Without Immigrants As African American civil rights activists fought Jim Crow laws and Mexican labor organizers warred against the suffocating grip of capitalism Black and Spanish language newspapers abolitionists and Latin American revolutionaries coalesced around movements built between people from the United States and people from Central America and the Caribbean In stark contrast to the resurgence of America First rhetoric Black and Latinx intellectuals and organizers today have historically urged the United States to build bridges of solidarity with the nations of the Americas Incisive and timely this bottom up history told from the interconnected vantage points of Latinx and African Americans reveals the radically different ways that people of the diaspora have addressed issues still plaguing the United States today and it offers a way forward in the continued struggle for universal civil rights 2018 Winner of the PEN Oakland Josephine Miles Literary Award **Tiger Check** Steven A. Fino,2017-11 The fielding of automated flight controls and weapons systems in fighter aircraft from 1950 to 1980 challenged the significance ascribed to several of the pilots historical skillsets such as superb hand eye coordination required for aggressive stick and rudder maneuvering and perfect eyesight and crack marksmanship required for long range visual detection and destruction of the enemy Highly automated systems would proponents argued simplify the pilot s tasks while increasing his lethality in the air thereby opening fighter aviation to broader segments of the population However these new systems often required new unique skills which the pilots struggled to identify and develop Moreover the challenges that accompanied these technologies were not restricted to individual fighter cockpits but rather extended across the pilots tactical formations altering the social norms that had governed the fighter pilot profession since its establishment In the end the skills that made a fighter pilot great in 1980 bore little resemblance to those of even thirty years prior despite the precepts embedded within the myth of the fighter pilot As such this history illuminates the rich interaction between human and machine that often accompanies

automation in the workplace It is broadly applicable to other enterprises confronting increased automation from remotely piloted aviation to Google cars It should appeal to those interested in the history of technology and automation as well as the general population of military aviation enthusiasts Provided by publisher Working Class History Working Class History,2020-12-01 History is not made by kings politicians or a few rich individuals it is made by all of us From the temples of ancient Egypt to spacecraft orbiting Earth workers and ordinary people everywhere have walked out sat down risen up and fought back against exploitation discrimination colonization and oppression Working Class History presents a distinct selection of people s history through hundreds of on this day in history anniversaries that are as diverse and international as the working class itself Women young people people of color workers migrants Indigenous people LGBT people disabled people older people the unemployed home workers and every other part of the working class have organized and taken action that has shaped our world and improvements in living and working conditions have been won only by years of violent conflict and sacrifice These everyday acts of resistance and rebellion highlight just some of those who have struggled for a better world and provide lessons and inspiration for those of us fighting in the present Going day by day this book paints a picture of how and why the world came to be as it is how some have tried to change it and the lengths to which the rich and powerful have gone to maintain and increase their wealth and influence This handbook of grassroots movements curated by the popular Working Class History project features many hidden histories and untold stories reinforced with inspiring images further reading and a foreword from legendary author and dissident Noam Chomsky *Yearbook of International Organizations 2013-2014 (Volumes 1a-1b)* Union Of International Associations,Union of International Associations,2013-06-21 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events **Cinemas Dark and Slow in Digital India** Lalitha Gopalan,2021-02-12 This book provides a sustained engagement with contemporary Indian feature films from outside the mainstream including Aaranaya Kaandam I D Kaul Chauthi Koot Cosmic Sex and Gaali Beeja to undercut the dominance of Bollywood focused film studies Gopalan assembles films from Bangalore Chennai Delhi Kolkata and Trivandrum in addition to independent productions in Bombay cinema as a way of privileging understudied works that deserve critical attention The book uses close readings of films and a deep investigation of film style to draw attention to the advent of digital technologies while remaining fully cognizant of the digital as a cryptic formulation for considering the sea change in the global circulation of film and finance This dual focus on both the techno material conditions of Indian cinema and the film narrative offers a fulsome picture of changing narratives and shifting genres and styles London is the Place for Me Kennetta Hammond Perry,2016-01-04 In London Is The Place for Me Kennetta Hammond Perry explores how Afro Caribbean migrants navigated the politics of race and citizenship in Britain and reconfigured the boundaries of what it meant to be both Black and British at a critical juncture in the history of Empire and twentieth century transnational race politics *Box 25* Julie Greene,2025-01-06 When acclaimed labor historian

Julie Greene researched her book *The Canal Builders* which went on to be nominated for a Pulitzer Prize in 2009 she explored a cache of first person essays written in 1963 by the Afro Caribbean people mainly Jamaican and Barbadian who migrated to the Isthmus of Panama to work as diggers track shifters or domestic servants in the Canal Zone Held at the Library of Congress and stored in Box 25 of the Isthmian Historical Society Collection the essays constitute the best primary source in existence on Caribbean workers experiences during the construction project Now Greene returns to this fascinating archive and in this book shares what it was like to be a migrant laborer on the construction of the Panama Canal Caribbean workers faced life threatening illnesses accidents racial discrimination and culture clashes as well as opportunities to materially improve their lives Greene offers new details on the strategies of the people who built the canal and examines how colonialism xenophobia and racism shaped the process of writing and archiving the testimonies into Box 25

Working-Class Utopias Robert M. Fogelson, 2022-10-18 One of the nation's foremost urban historians traces the history of cooperative housing in New York City from the 1920s through the 1970s As World War II ended and Americans turned their attention to problems at home union leaders and other prominent New Yorkers came to believe that cooperative housing would solve the city's century old problem of providing decent housing at a reasonable cost for working class families *Working Class Utopias* tells the story of this ambitious movement from the construction of the Amalgamated Houses after World War I to the building of Co op City the world's largest housing cooperative four decades later Robert Fogelson brings to life a tumultuous era in the life of New York drawing on a wealth of archival materials such as community newspapers legal records and personal and institutional papers In the early 1950s a consortium of labor unions founded the United Housing Foundation under the visionary leadership of Abraham E Kazan who was supported by Nelson A Rockefeller Robert F Wagner Jr and Robert Moses With the help of the state which provided below market rate mortgages and the city which granted tax abatements Kazan's group built large scale cooperatives in every borough except Staten Island Then came Co op City built in the Bronx in the 1960s as a model for other cities but plagued by unforeseen fiscal problems culminating in the longest and costliest rent strike in American history Co op City survived but the United Housing Foundation did not and neither did the cooperative housing movement *Working Class Utopias* is essential reading for anyone seeking to understand the housing problem that continues to plague New York and cities across the nation

A Life in Code G. Stuart Smith, 2017-05-12 Protesters called it an act of war when the U S Coast Guard sank a Canadian flagged vessel in the Gulf of Mexico in 1929 It took a cool headed codebreaker solving a trunk full of smugglers encrypted messages to get Uncle Sam out of the mess Elizebeth Smith Friedman's groundbreaking work helped prove the boat was owned by American gangsters This book traces the career of a legendary U S law enforcement agent from her work for the Allies during World War I through Prohibition when she faced danger from mobsters while testifying in high profile trials Friedman founded the cryptanalysis unit that provided evidence against American rum runners and Chinese drug smugglers During World War II her decryptions

brought a Japanese spy to justice and her Coast Guard unit solved the Enigma ciphers of German spies Friedman's all source intelligence model is still used by law enforcement and counterterrorism agencies against 21st century threats
