Made: Raising Healthy Gender-Nonconforming Children Diane Ehrensaft,2011-05-17 A groundbreaking guide to caring for children who live outside binary gender boxes We are only beginning to understand gender Is it inborn or learned Can it be chosen or even changed Does it have to be one or the other These questions may seem abstract but for parents whose children live outside of gender norms they are very real No two children who bend the rules of gender do so in quite the same way Felicia threw away her frilly dresses at age three Sam hid his interest in dolls and girl things until high school when he finally confided his desire to become Sammi And seven year old Maggie who sports a boys basketball uniform and a long blond braid identifies as a boy in the front and a girl in the back But all gender nonconforming children have one thing in common they need support to thrive in a society that still subscribes to a binary system of gender Dr Diane Ehrensaft has worked with children like Felicia Sam and Maggie for over 30 years In Gender Born Gender Made she offers parents clinicians and educators guidance on both the philosophical dilemmas and the practical daily concerns of working with children who don t fit a typical gender mold She debunks outmoded approaches to gender nonconformity that may actually do children harm And she offers a new framework for helping each child become his or her own unique most gender authentic person
