democratic intellect tradition might be re vitalised to become a feature of higher education and of a more broadly based popular education worldwide The book is underpinned by philosophical social and cultural studies and it draws specifically on radical adult education practices related to social movements and to liberating knowledge from below It should be a valuable resource for academics from different disciplines who wish to communicate across disciplines about key issues of the day to managers in higher education who wish to counteract the fragmentation of disciplines and to adult community and lifelong education workers and members of the wider public who seek strategies to counter current educational and lifelong learning orthodoxies The stranger within Lakshmy Vivek,2022-05-04 The stranger within **The Stranger Within**
