A Thousand Flights And Up:

One Flight Up Susan Fales-Hill, 2010-07-27 What happens after happily ever after fades Can the answer be found one flight up India Abby Esme and Monique have all been friends since their days at Manhattan's Sibley School for Girls From the outside these four women all grown up now seem to be living ideal lives yet each finds herself suddenly craving more India Chumley is a whip smart divorce lawyer who routinely declines the marriage proposals of her charming French boyfriend Julien She's taking the first plunge by moving in with him but she's keeping her own apartment and keeping it a secret from him Abby Rosenfeld Adams is an irrepressibly upbeat gallery owner who married her WASP college sweet heart a passionate but tormented sculptor When she suspects he is cheating on her she realizes that perhaps there's more to life than reassuring her husband of his artistic brilliance Esme Sarmiento Talbot is a Colombian Scarlett O'Hara bored with her proper Connecticut life and her tame all American husband In order to satisfy her sensuality she escapes to Manhattan and distracts herself with casual encounters A card carrying member of Harlem's thriving buppieocracy and a successful gynecologist Monique Dawkins Dubois is married to a powerful but dull financier who barely notices her anymore When an attractive coworker beckons Monique can't help but be flattered The most straitlaced of them all India is dismayed by her friends illicit activities That is until her ex fiancé the love of her life and the destroyer of her heart reappears in New York and she finds herself caught between the dependable man she thought was her future and the man she never quite let go of Dazzling and sexy *One Flight Up* is an irresistible comedic romp through the boardrooms bedrooms and ballrooms of Manhattan and Paris *Flying Magazine*, 1929-01 **Flying Magazine**, 1929-09 [Flying Through Life](#) Robert J. Firth, 2013-05-22 This is a story written by a pilot who followed his father into commercial aviation It is on one hand the biography of a professional pilot and on other levels provides us with insight into the mental disciplines necessary to follow such a career path The story begins with a description of his life as a kid in rural New Jersey and follows him from his first flight to his last some fifty years latter As each passage of life ends a new begins The author provides us with an understanding of what it means to be a professional aviator and what he has learned along the way about his profession and about life We see him grow as a person and as a pilot We see the world through his eyes and gain an appreciation of his accumulated experiences both funny and those no so Anyone who has spent years looking down on the world most certainly develops a different view of things than those who meander along the surface This is certainly true of the author who provides the reader with a sense of his understanding along the way **A Life of Flight** Vincent D. Reilly, 2007-04-11 SUMMARY FORTY FLIGHTS AND FORTY NIGHTS FROM AN AIRLINE PILOT'S CAREER IN DC 3s TO B 747s SKETCH ARTIST BIO Peggy La Vake is a professional musician a professional health care worker and a flight instructor who likes to amuse her friends with folk artist sketches **The Diversion of Flight 641** Joseph Fray, 2009 A routine flight from Washington DC to San Francisco is intercepted and taken aboard a huge alien space cruiser The aliens explain their action as

trying to recruit suitable people from Earth to join their Galactic Federation They state that after receiving explanatory lectures everyone will be returned to Earth but without any knowledge of their experience Only those selected will be given the chance to retain knowledge of what they have seen They are told they will return to Earth within about ten days and should regard the operation as a vacation Placing the aircraft on the space cruiser is accomplished by means of a UFO controlled by an individual from Earth who joined the Federation after his abduction many years earlier He is accompanied on the UFO by an alien assistant It is explained that the Federation already has hundreds of people from Earth who have joined the Galactic Federation after learning of its existence The first step after the UFO and the jetliner are placed on board the cruiser is to transport them to Solar Base 3 which is located on Titan the large moon of the planet Saturn This is where the explanatory lectures are to be given While at Solar Base 3 the captain co pilot and flight engineer of the jetliner are offered the chance to visit a planet outside the Solar System This ultimately results in the operation of the jetliner on an alien planet There is much food for thought in the detailed narrative
