

4 Controlled Assessment candidate guidelines

4.1 Task setting

For this subject OCR will provide a list of tasks for you to select from. In Unit B321 the topics are set. Each topic is accompanied by appropriate exemplar tasks that centres might submit for their portfolio. There is an element of flexibility within these and centres are encouraged to develop their own.

In Unit B324 one of the twelve briefs must be completed. The briefs in this unit cannot be amended by centres.

4.2 Task taking

4.2.1 What can I do in relation to research, drafting and re-drafting?

Your teacher will discuss the briefs/tasks on offer and the proposed areas of enquiry and the resources available. An induction period into the research methods, sourcing and the use of equipment may also take place. Time constraints and a programme should be adopted and this will be explained by your teacher.

Your research and planning may involve interviews, fieldwork, visits, library research, internet research or questionnaires. You should keep a record of the sources you have consulted at this stage and this will form part of your portfolio. You should provide a plan of action to the teacher which can be discussed. Your teacher will inform you what materials are appropriate and inappropriate.

Your draft piece will be discussed with your teacher and they may offer advice, answer any questions and give feedback. Throughout this process your teacher will supervise to ensure there is no plagiarism and will ensure all your work is within the Health and Safety requirements and that all candidates work is in accordance with the Controlled Assessment regulations. At no stage will model answers be provided. You should reach your own conclusions and make your own judgements and any teacher support will be recorded.

You may be given opportunity to edit, check redraft and reorganise your work. During this period your teacher may make general observations but will not give any specific advice.
