A Tempting Distraction Lost Shifter English Edition:

A Tempting Distraction (Lost Shifters Book 7) Stephani Hecht, 2017 Hawk shifter Garrett has never been one to deny himself what he wants. So when he sees the newest addition to the Feline Coalition, a cute Tiger shifter named Owen, Garrett doesn't hesitate to make sure they end up in bed. Garrett only plans on keeping the encounter a one-time experience. Commitments aren't something he does, and just because Owen is hot, great in the sack, and charming isn't going to change things. Despite his resolve, Garrett finds that one taste of Owen is not enough. Which just confuses the hell out of Garrett since they couldn't be more different. Where Garrett is all business and serious, Owen is a hacker who dyes his hair in wild colors and dresses like a punk. Most importantly, Garrett is a Hawk while Owen is a Tiger, and the two rarely mate. Owen, who has just been reunited with his Coalition, has never known any kind of loving relationship. Raised by a cruel foster father, the only thing Owen ever learned was how to be a thief and a hacker. So when he finds himself thrust into a Coalition and stuck with an overprotective older brother, Owen can't help but feel lost. The only bright spot in his life is Garrett. While Owen realizes that Garrett plans on keeping their encounter a one-time event, a part of him hopes that the Hawk will eventually want more. Then Owen makes a stupid mistake that puts not only himself but the rest of the coalition in danger. As Garrett realizes that he may lose Owen, he knows that nothing will stop him from saving the Tiger, even if he has to sacrifice himself in order to do so.

Werewolf Bodyguard Eve Langlais, 2023-07-11 On a mission to protect her, she forgets to guard her heart. Erryn's looking for answers when it comes to the Lycan condition. Unfortunately, she's saddled with a male who takes his job as protector too seriously. Letting him get close isn't an option. If anyone were to find out her secret, there wouldn't be enough left of her to bury. Quinn's been working in secret for the Lykosium Werewolf Council for a while, but his latest mission for them is his riskiest. Doctor Silver is tough as nails and mysterious, also sexy. But she's not his mate. Her scent is all wrong. Or so he thinks until they end up on the run in Europe. Escaping death brings them closer together, but their future is uncertain because what they discover in a small town in Romania paints a deadly target. Surviving, though, isn't their only task.
