## **Album Values Guide Rolling Stones:**

**Goldmine's Price Guide to Collectible Record Albums** Neal Umphred, 1994      **Rolling Stones: Off The Record** Mark Paytress, 2009-12-15 A collection of original off the cuff remarks by and about The Rolling Stones unearthed and reassembled into a vivid verbal documentary Containing outrageous opinions unrehearsed interviews and impromptu but headline grabbing quotes A candid and insightful history and an authentic taste of the group in their heyday and the cultural landscape they helped define      **The Rock Canon** CarysWyn Jones, 2017-07-05 Canons are central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan s Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground s The Velvet Underground Nico Van Morrison s Astral Weeks Marvin Gaye s What s Going On The Rolling Stones Exile on Main St Patti Smith s Horses The Sex Pistols Never Mind the Bollocks Here s the Sex Pistols and Nirvana s Nevermind Jones concludes that in the reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries      The New Rolling Stone Record Guide Dave Marsh, John Swenson, 1983 This guide lists about 12 000 rock albums released through mid 1982      **The Rough Guide to Rock** Peter Buckley, 2003 Compiles career biographies of over 1 200 artists and rock music reviews written by fans covering every phase of rock from R B through punk and rap      The Rolling Stone Jazz & Blues Album Guide John Swenson, 1999 The most comprehensive guide to jazz and blues recordings in print including reviews of more than ten thousand albums An essential book for any music fan s library      **Wax Trash and Vinyl Treasures: Record Collecting as a Social Practice** Roy Shuker, 2017-07-05 The term record collecting is shorthand for a variety of related practices Foremost is the collection of sound recordings in various formats although often with a marked preference for vinyl by individuals and it is this dimension of record collecting that is the focus of this book Record collecting and the public stereotypes associated with it is frequently linked primarily with rock and pop music Roy Shuker focuses on these broad styles but also includes other genres and their collectors notably jazz blues exotica and ethnic music Accordingly the study examines the history of record collecting profiles collectors and the collecting process considers categories especially music genres and types of record collecting and outlines and discusses the infrastructure within which

collecting operates Shuker situates this discussion within the broader literature on collecting along with issues of cultural consumption social identity and the construction of self in contemporary society Record collecting is both fascinating in its own right and provides insights into broader issues of nostalgia consumption and material culture      **The Ultimate Guide to Vinyl and More** Dave Thompson,2024-03-26 An in depth and comprehensive guide to and history of music collecting The Ultimate Guide to Vinyl and More traces the hobby from its beginnings over a century ago The book features informative and entertaining sections on every significant format in which recorded music has been released and some that are now almost completely forgotten Based on Dave Thompson s original Backbeat classic The Music Lover s Guide to Record Collecting this revamped colorful expanded edition takes readers from the early days of cylinders 78s and Edison records on through 45s LPs 8 tracks cassettes bootlegs CDs MiniDiscs MP3s LPs and other formats Landmark labels collectable artists specialist themes and more are explored across a series of essays while dozens of color images bring the most obscure corners of the hobby to life Unlike other volumes that focus exclusively on vinyl this book caters to the audiophile whose obsession for music welcomes all formats Through it all the joy and fascination of music collecting in all its guises comes alive      **The Cambridge Companion to Recorded Music** Nicholas Cook,2009-11-26 Featuring fascinating accounts from practitioners this Companion examines how developments in recording have transformed musical culture      Radiohead ,
