Chapter 5 Revenue Recognition and Profitability Analysis

QUESTIONS FOR REVIEW OF KEY TOPICS

Question 5–1

The five key steps in applying the core revenue recognition principle are:

1. Identify the contract with a customer.
2. Identify the performance obligation(s) in the contract.
3. Determine the transaction price.
4. Allocate the transaction price to the performance obligations.
5. Recognize revenue when (or as) each performance obligation is satisfied.

Question 5–2

A performance obligation is satisfied at a single point in time when control is transferred to the buyer at a single point in time. This often occurs at delivery. Five key indicators are used to decide whether control of a good or service has passed from the seller to the buyer. The customer is more likely to control a good or service if the customer has:

1. An obligation to pay the seller.
2. Legal title to the asset.
