Schools That Succeed Karin Chenoweth, 2020-01-15 Informed by years of

research and on the ground reporting *Schools That Succeed* is Karin Chenoweth's most inspiring and compelling book yet an essential read for educators who seek to break the stubborn connection between academic achievement and socioeconomic status. Chenoweth draws on her decade long journey into neighborhood schools where low income students and students of color are learning at unexpectedly high levels to reveal a key ingredient to their success in one way or another their leaders have confronted the traditional ways that schools are organized and have adopted new systems all focused on improvement. In vivid profiles of once embattled schools Chenoweth shows how school leaders doggedly and patiently reorganized internal systems in order to prioritize teaching and learning resulting in improved outcomes that in many cases exceeded statewide averages. From how they use time to how they use money schools that succeed combine a deep belief in the capacity of their students to achieve with deliberate systems focused on student needs. As a result they create vibrant places where teachers want to teach and students want to learn.

Make It Happen Kim Bailey, Chris Jakicic, 2018-12-07 Ensure every educator is engaged in the right work with a collective focus on improved student learning. Aligned to the Professional Learning Communities PLC at Work model this resource includes instructional coaching tools, processes, protocols, templates, tips and strategies designed to support the multidimensional work of instructional coaches and PLC training. Each chapter includes action steps and reflective coaching activities as well as suggestions for navigating some of the most common issues instructional coaches face. Use this book to understand the unique requirements of instructional coaches in building a school that answers the four critical questions of a PLC at Work. Learn how to provide PLC training and professional development for collaborative teacher teams. Study three major variables that will affect instructional coaching capacity: culture and context and four major actions that will act as guiding principles. Explore issues that can arise in PLC schools as well as teacher coaching strategies to help resolve these issues. Deepen your understanding of instructional coaching in a PLC with helpful online reproducibles and teacher coaching tools. Acquire capacity building strategies aligned to the four PLC questions. Contents: Introduction, Chapter 1: How to Get Started as an Instructional Coach, Chapter 2: What Do We Want Students to Know and Be Able to Do, Chapter 3: How Will We Know if They Have Learned It, Chapter 4: How Will We Respond When Some Students Do Not Learn, Chapter 5: How Will We Extend the Learning of Students Who Are Already Proficient, Epilogue: Maintaining the Momentum and Sustaining the Process, References and Resources, Index.
