Albert Einstein Biography Job:

Albert Einstein - His Life and Science Ken K. Chin, 2025-04-02 This book is part biographical account part novel and part popular science The basic facts are historically true but many episodes have additionally been dramatized with plausible content that brings the personal story to life in the style of a novel or movie script This genre of a dramatized biography of scientists was first created by the author 45 years ago and became a great success selling over half a million copies in China where it has been in particular demand for teaching But this is not the whole story In addition the book explains in a serious yet accessible manner the basics of Einstein's scientific work especially its impact on contemporary cosmology astronomy and physics As an experienced teacher of relativity and astronomy for high school and university students the author knows how to make profound scientific subjects accessible and his presentation is as fascinating as a detective story Readers will learn not only about the historical setting but also about the challenges and frustrations faced by Einstein about his breakthroughs and triumphs as well as the far reaching significance of his theory of relativity quantum mechanics and other scientific achievements The reader will come to understand why of all the billions of people living in the twentieth century Albert Einstein was singled out as the Person of the Century Einstein Walter Isaacson, 2008-05-13 From Isaacson the bestselling author of Benjamin Franklin comes the first full biography of Albert Einstein since all his papers have become available a fully realized portrait of a premier icon of his era , **Einstein A to Z** Karen C. Fox, Aries Keck, 2004-07-29 Einstein was the twentieth century's most celebrated scientist a man who developed the theory of relativity revolutionised physics and became an iconic genius in the popular imagination Essays range from the reasonably scientific including the theory of relativity to the odd and engaging such as Einstein's brain his favourite jokes and films Einstein A to Z provides a vibrant overview of the man and his achievements Einstein William Cahn, Albert Einstein, 2012-03-01 From Eudoxus to Einstein C. M. Linton, 2004-08-12 Since man first looked towards the heavens a great deal of effort has been put into trying to predict and explain the motions of the sun moon and planets Developments in man's understanding have been closely linked to progress in the mathematical sciences Whole new areas of mathematics such as trigonometry were developed to aid astronomical calculations and on numerous occasions throughout history breakthroughs in astronomy have only been possible because of progress in mathematics This book describes the theories of planetary motion that have been developed through the ages beginning with the homocentric spheres of Eudoxus and ending with Einstein's general theory of relativity It emphasizes the interaction between progress in astronomy and in mathematics showing how the two have been inextricably linked since Babylonian times This valuable text is accessible to a wide audience from amateur astronomers to professional historians of astronomy **Hollywood Shack Job** Harvey Kuber, 2006 Insiders accounts of the deals behind the fusion of creativity and commerce in film and television **Einstein** Denis Brian, 1997-08-21 Blends the brilliance of the scientific genius with the compassion playfulness and wit of the private figure A fascinating read with more interesting

material about Einstein as a human being than I have ever seen before Robert Jastrow astrophysicist and bestselling author A thoughtful and captivating account of one whom I had the joy of knowing and loving George Wald Nobel Prize Laureate His face is one of the most recognized on the planet His very name is synonymous with genius Yet for all the attention and countless biographies our images of Albert Einstein rarely go beyond the eccentric and larger than life scientist unraveling one cosmic mystery after another In this engaging popular biography Denis Brian draws on a wealth of new information recently opened to the public to bring us a broader more authentic portrait of Einstein than previously available The first full scale Einstein life published in 20 years it is also the first to integrate Einstein s genius with his private and public life to give us a complete impression of the real person We meet an Einstein with a gift for friendship a romantic with a roving eye for women We confront a man whose countless scientific triumphs were tempered by tragic ironies in his personal life We encounter Einstein the humanist who showed compassion for the children of others yet neglected his own sons We learn from his former assistants how they revered Einstein how he worked at his science and of his warm relationships with other physicists Based on information drawn from new access to the Einstein archives as well as exclusive interviews with colleagues and friends Einstein A Life reveals an endearing and sensitive man but one slightly detached from even those closest to him as if he inhabited his own world of lofty thoughts and cosmic dreams DENIS BRIAN West Palm Beach Florida is the author of The True Gen An Intimate Portrait of Hemingway by Those Who Knew Him and Genius Talk Conversations with Nobel Scientists and Other Luminaries **Biographical Memoirs** National Academy of Sciences,1980-02-01 Biographic Memoirs Volume 51 contains the biographies of deceased members of the National Academy of Sciences and bibliographies of their published works Each biographical essay was written by a member of the Academy familiar with the professional career of the deceased For historical and bibliographical purposes these volumes are worth returning to time and again **Concepts in Thermal Physics** Stephen Blundell,Katherine M. Blundell,2006 This modern introduction to thermal physics contains a step by step presentation of the key concepts The text is copiously illustrated and each chapter contains several worked examples
