Department for Children, Schools and Families Great Britain. National Audit Office, 2008 In 2007 the Department for Children Schools and Families commissioned Sir Peter Williams to undertake an independent review of the quality of primary mathematics teaching and his report was published in June 2008 This report

evaluates in particular raising attainment and progress in mathematics and narrowing achievement gaps between certain pupils and their peers and the delivery and effectiveness of the Primary National Strategy's resources and interventions and their impact on pupil and school performance It was found that bringing greater structure and consistency to the way primary mathematics is taught the Strategy initially helped to improve test results at Key Stage 2 Since 2000 however attainment has levelled off It is too early to tell if the 2007 revisions to the Strategy will deliver the step change required The report makes recommendations on this basis Using Data for Monitoring and Target Setting Ian McCallum, Ray

Sumner, 2012-11-12 Using Data for Monitoring and Target Setting is a clear and practical guide for teachers and school administrative staff that shows how to use spreadsheets to create orderly records of assessment These can then be used for the sort of statistical analyses which are now being demanded from schools This guide is photocopiable and includes lots of practical examples step by step instructions on how to obtain the data you want simple advice on how to use EXCEL pictures of the actual screens you will be using
