The Age of Post-Rationality Val Colic-Peisker, Adrian Flitney, 2017-10-24 This book challenges the hegemonic view that economic calculation represents the ultimate rationality The West legitimises its global dominance by the claim to be a rational democratic science based and progressive civilisation Yet over the past decades the dogma of economic rationality has become an ideological black hole whose gravitational pull allows no public debate or policy to escape Political leaders of all creeds are held in its orbit and public language is saturated by it This dogma has pervaded all spheres of life ushering the age of post rationality especially in English speaking countries The authors discuss several aspects of post rational global capitalism still dominated by the Anglosphere hyper competition hyper consumption inequality volatile global financial markets environmental degradation and the unforeseen effects of the internet mediated communication revolution The book concludes by discussing some utopian and dystopian future scenarios and asking whether the West can transcend its crisis of rationality

Does God Make the Man? Stewart M. Hoover, Curtis D. Coats, 2015-10-02 Many believe that religion plays a positive role in men s identity development with religion promoting good behavior and morality In contrast we often assume that the media is a negative influence for men teaching them to be rough and violent and to ignore their emotions In Does God Make the Man Stewart M Hoover and Curtis D Coats draw on extensive interviews and participant observation with both Evangelical and non Evangelical men including Catholics as well as Protestants to argue that neither of these assumptions is correct Dismissing the easy notion that media encourages toxic masculinity and religion is always a positive influence Hoover and Coats argue that not only are the linkages between religion media and masculinity not as strong and substantive as has been assumed but the ways in which these relations actually play out may contradict received views Over the course of this fascinating book they examine crises contradictions and contestations crises about the meaning of masculinity and about the lack of direction men experience from their faith communities contradictions between men s religious lives and media lives and contestations among men s ideas about what it means to be a man The book counters common discussions about a crisis of masculinity showing that actual men do not see the world the way the crisis talk has portrayed it and interestingly even Evangelical men often do not see religion as part of

Management John R. Schermerhorn, Jr., Daniel G. Bachrach, 2020-02-05 Schermerhorn Management 14e continues to offer the same balanced theory approach as with previous editions. Students need an active and engaged learning classroom environment that brings personal meaning to course content and the instructor's course objectives. Schermerhorn communicates with students through rich, timely features and cases that bring management topics, theories, and concepts to life. The underlying goal is to translate foundation theories into lasting tools for students as they move beyond the classroom where their skills will be put to the test.
