Science, Grade 3 Natalie Rompella, 2016-01-04 Interactive Notebooks Science for grade 3 is a fun way to teach and reinforce effective note taking for students. Students become a part of the learning process with activities about plant and animal adaptations, the human body, matter, force and motion, simple machines, the solar system, and more. This book is an essential resource that will guide you through setting up, creating, and maintaining interactive notebooks for skill retention in the classroom. High interest and hands-on interactive notebooks effectively engage students in learning new concepts. Students are encouraged to personalize interactive notebooks to fit their specific learning needs by creating fun, colorful pages for each topic. With this note-taking process, students will learn organization, color coding, summarizing, and other important skills while creating personalized portfolios of their individual learning that they can reference throughout the year. Spanning grades kindergarten to grade 8, the Interactive Notebooks series focuses on grade-specific math, language arts, or science skills. Aligned to meet current state standards, every 96-page book in this series offers lesson plans to keep the process focused. Reproducibles are included to create notebook pages on a variety of topics, making this series a fun one of a kind learning experience.

Finding Our Way Through the Dark Demetra George, 2008 Finding Our Way Through the Dark presents an astrological, lunar-based model to explore the periodic dark and difficult times in our life as rites of passage leading to renewal. It offers a new vision of darkness as a place of insight, healing, and regeneration. Each section is accompanied by a workbook and journal so that you can discover when these periods of transition occur in your own life, illuminating the hidden motifs that shape your experiences. This book explains and reframes the astrological factors that facilitate your life journey from endings to new beginnings. Demetra George, M.A., Classics, received the 2002 Regulus Award for Theory and Understanding. A practitioner of astrology for more than 35 years, specializing in archetypal mythology and ancient astrology, she is the author of numerous books and articles including *Astrology For Yourself*, *Asteroid Goddesses*, *Mysteries of the Dark Moon*, and *Astrology and the Authentic Self*. She lives in Oregon, lectures internationally, and leads pilgrimages to the sacred sites in the Mediterranean and India with Ancient Oracle Tours. Director of Thema Foundations in Astrology, she mentors private students in Hellenistic astrology, modern chart delineation, and asteroids.
