of today's most exciting technological developments. It has all the markings of a disruptive technology, one that is poised to displace the existing search methods and establish new standards for user-centered access to information. This book gives a comprehensive and detailed look at the current approaches to automated question answering. The level of presentation is suitable for newcomers to the field as well as for professionals wishing to study this area and/or to build practical QA systems. The book can serve as a how-to handbook for IT practitioners and system developers. It can also be used to teach advanced graduate courses in Computer Science, Information Science, and related disciplines. The readers will acquire in-depth practical knowledge of this critical new technology. *The Kansas Law Journal*, 1886 **The Democratic Hand-Book**

This book constitutes the workshop proceedings of the 24th International Conference on Database Systems for Advanced Applications DASFAA 2019 held in Chiang Mai, Thailand, in April 2019. The 14 full papers presented were carefully selected and reviewed from 26 submissions to the three following workshops: the 6th International Workshop on Big Data Management and Service BDMS 2019, the 4th International Workshop on Big Data Quality Management BDQM 2019, and the Third International Workshop on Graph Data Management and Analysis GDMA 2019. This volume also includes the short papers, demo papers, and tutorial papers of the main conference DASFAA 2019.

The Psychology of Questions Arthur C. Graesser, John B. Black, 2017-12-15. Originally published in 1985, the chapters in this volume collectively approach the phenomenon of questioning from many perspectives. There are studies on question comprehension, question answering, question asking, and the influence of adjunct questions on text comprehension and memory. The chapters cover different theories, models, methods, and practical applications. Some contributors focus exclusively on adult subjects, whereas others examine cognitive development in children. The earlier chapters in the book have a pure science emphasis, whereas the later chapters have an applied emphasis. Of course, the distinction between science and application had in the editors' words become very fuzzy in the years prior to publication. *Traffic World and Traffic Bulletin*
