The Effect of Directives Within the Area of Direct Taxation on the Interpretation and Application of Tax Treaties Mees Vergouwen, 2023-07-14 In recognition of the considerable attention in recent years given to the effect of EU directives on tax treaties this important book for the first time brings a combined public international law and European Union law perspective to bear on certain directives primarily the Parent Subsidiary Directive the Merger Directive the Interest and Royalty Directive and the Anti Tax Avoidance Directives and their interaction with tax treaties concluded by EU Member States In this area of direct international taxation the author examines the effect of tax treaties on both the interpretation and application of directives in depth In clarifying how directives can affect or are allowed to affect tax treaties the book provides detailed analyses of such aspects as the following status of directives under public international law including relevant provisions of the Vienna Convention on the Law of Treaties and the OECD Model Tax Treaty whether national law aimed at implementing a directive may be able to override a tax treaty or may be overridden by such a tax treaty whether the lex posterior and lex specialis conflict rules under public international law are applicable to conflicts between directives and tax treaties the role of directives under the interpretative provision of the Vienna Convention on the Law of Treaties the OECD Model Tax Treaty and the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting legal basis and application of the duty of consistent interpretation to tax treaties and scope of the primacy

of directives with respect to tax treaties The book offers insightful and well informed recommendations aimed at aligning the allowed effect under public international law and the required effect under the laws of the European Union of the directives on tax treaties with a view to ensuring that directives affect tax treaties in such a way that tax treaties cannot prevent achievement of the result of a directive The analysis is based primarily on legal doctrines literature and case law of the CJEU ICJ and arbitral tribunals As a highly informative and closely reasoned guide that offers clear perspectives on resolving any conflict that may arise between a directive and a tax treaty this book will be of inestimable value for tax practitioners and advisers judges policymakers tax authorities and academics whose work involves tax treaties concluded by EU Member States

Future Financing of the European Union Great Britain. Parliament. House of Lords. European Union Committee, 2005 Negotiations are underway to agree the details of the European Union budget for the period of 2007 to 2013 known as the Financial Perspective covering the newly enlarged EU of 25 member states Further enlargement is likely with Bulgaria and Romania due to join in 2007 and the possible accession of Croatia and Turkey being considered The Committee's report considers a range of issues in relation to the current budget debate including the merits of the Commission's proposals within the framework of recent and future EU enlargement the Common Agricultural Policy Structural and Cohesion Funds the Lisbon Agenda other spending categories the functioning of the Own Resources and a EU tax UK abatement and the Commission's proposal for a Generalised Corrective Mechanism Conclusions reached include support for the UK Government's insistence that the UK rebate is non negotiable given the inadequate reforms of the CAP however if real reform of the budget was offered then the UK Government should be prepared to negotiate Structural funds should be focused on the 10 new member states as well as the two applicant countries of Romania and Bulgaria with the phasing out of EU regional development funds for all old member states with the exception of Greece and Portugal

Cabo Verde International Monetary Fund. African Dept., 2014-09-25 KEY ISSUES Context Over the last two decades good governance and sound macroeconomic management have delivered remarkable economic and social progress to Cabo Verde More recently however growth has slowed due to the prolonged downturn in Europe and a sharp deterioration in domestic confidence A longer term decline in the contribution of total factor productivity to growth may also have played a role Financial stability risks have increased with the rise in non performing loans and fall in bank profitability The country remains vulnerable to external shocks given its dependence on tourism remittances and concessional financing Over the longer term Cabo Verde's challenge as a new middle income country is to bolster productivity and diversify the sources of growth Fiscal consolidation remains critical to safeguard macroeconomic and debt sustainability Budgetary plans for 2014 and the medium term entail rising public debt and are subject to downside risks to revenue The authorities have already decided on a package of expenditure containment measures for 2014 17 However given the high albeit sustainable level of public debt further measures are needed to put public debt on a more robust downward path Bolstering domestic revenue mobilization

increasing the efficiency of public investment and managing existing infrastructure better are also central to sound public finances International reserves have recovered which provided room to ease monetary policy in support of the recovery In the absence of imminent pressures on the balance of payments or on prices and with private sector credit growth having stalled the central bank has cut the policy rate At the same time given pressures on the banking system continued vigilance regarding risks to financial stability is warranted Structural reforms hold the key to bolstering competitiveness creating jobs and delivering inclusive growth Increasing labor market efficiency and reducing skill mismatches would be particularly beneficial in this regard Enhancing the efficiency of state owned enterprises is also essential to improve delivery of infrastructure services Data are adequate for surveillance purposes though some key shortcomings remain In particular national accounts data are released with a long delay This complicates the formulation of macroeconomic policies
