Anecdotes of destiny Tania Blixen,1958 Unspeakable Secrets and the Psychoanalysis of Culture Esther Rashkin,2008-08-07 Winner of the 2009 Gradiva Award Theoretical Category presented by the National Association for the Advancement of Psychoanalysis Esther Rashkin argues that psychoanalysis galvanizes as no other discipline can an understanding of texts in their social historical and political contexts Demonstrating that close reading can be a radical political practice she exposes heretofore unseen ideologies concealed in works of film and literature from *Last Tango in Paris* to *The Picture of Dorian Gray* from Barthes's *Mythologies* and Balzac's *Sarrasine* to *Babette's Feast* Psychoanalytic concepts such as identification with the aggressor the cryptonymy illness of mourning and the phantom allow Rashkin to reveal how shameful and unspeakable secrets propel the narratives she examines In the process she convincingly makes the case for a new practice of psychoanalytic cultural studies a practice that fully engages with the politicized discourses anti-Semitism racism colonialism censorship that mark a text's location in history **The Gift of Story** Emily Griesinger,Mark A. Eaton,2006 Despite postmodernism's skepticism about narrative the dialogue with contemporary fiction drama music and film demonstrates that the Christian story can engender and sustain hope **Four in a Family** Enid Blyton,2022-08-01 In *Four in a Family* Enid Blyton crafts a tender exploration of familial relationships through the lens of the adventurous and harmonious dynamics between children and their parents The narrative weaves together exciting encounters and playful dialogue showcasing Blyton's signature style of vivid characterization and evocative settings This book not only encapsulates the essence of childhood innocence and the importance of kinship but also reflects post war societal values in mid 20th century England where family bonds were paramount in a rapidly changing world Enid Blyton one of the most beloved children's authors of the 20th century drew upon her rich personal experiences to inspire her storytelling Raised in a close knit family Blyton imbues her characters with a sense of wonder and mischief illustrated in their everyday adventures Her extensive career in children's literature is marked by an emphasis on imagination and moral lessons which resonates deeply in *Four in a Family* illuminating the complex yet simple beauty of family life For those seeking an endearing narrative that combines adventure with deeper themes of love and support within the family unit *Four in a Family* is highly recommended Blyton's timeless prose and relatable scenarios will enchant both young readers and adults alike encouraging reconnection with the joys of family and childhood **Karen Blixen's Existentialism** Lars Kaaber,2023-10-11 This book investigates the

writings of Karen Blixen Isak Dinesen from an existentialist angle Although it has not been subject to much study Blixen s writing elegantly and subtly integrates the ideas of Kierkegaard Nietzsche and Sartre in a way that makes the philosophers more accessible to a wider audience However Blixen also offers her own ideas of the fundamental problem in existentialism how to arrive at an authentic identity through free individual choices or as Nietzsche put it how to become who you are On the whole Blixen s authorship can be seen as an existential study of the 20th century and the ways by which Western culture came to be what it is now In agreement with Nietzsche s statement that all philosophy is an involuntary autobiography this book also contains accounts of the lives of the three philosophers chiefly involved in this study **Grand Finales** Susan Gubar,2025-06-10 One of our most formidable literary critics explores how nine women artists flourished creatively in their final acts In 2008 academic and scholar Susan Gubar was told by a trusted oncologist that she had only a few years left to live Though she outlived that dire prognosis this brush with mortality refocused her attention on the boons of a longevity she did not expect to experience She began to think In the last years of our lives can we shape and change our creative capabilities The resulting volume *Grand Finales* answers this question with a resounding yes Despite the losses generally associated with aging quite a few writers painters sculptors musicians and dancers have managed to extend and repurpose their creative energies Gubar spotlights very creative old ladies writers painters sculptors musicians and dancers from the past and in our times Each of *Grand Finales* nine riveting chapters features women artists George Eliot Colette Georgia O Keffe Isak Dinesen Marianne Moore Louise Bourgeois Mary Lou Williams Gwendolyn Brooks and Katherine Dunham who transformed the last stage of existence into a rousing conclusion Gubar draws on their late lives and works to suggest that seniority can become a time of reinvention and renewal With pizzazz bravado and geezer machismo she counters the discrediting of elderly women and clarifies the environments relationships activities and attitudes that sponsor a creative old age *Charting Shakespearean Waters* Niels Bugge Hansen,Søs Haugaard,2005 This volume contains 11 new papers on Shakespeare written by members of the Department of English at the University of Copenhagen and other Danish universities plus a few international Shakespeare scholars They fit into an overall theme and are included because they are about Shakespeare as text as theatre in his age and through the ages Beside showing many different ways of thinking and writing about Shakespeare the eleven articles fall into a pattern if read together in the order they are printed The papers are varied and wide ranging contemporary contexts tradition language and style performance translation and modern appropriation *The Aristocratic Universe of Karen Blixen* Frantz Leander Hansen,2003 Karen Blixen s works are explored in the light of a passionate insistence on living out this double nature of the divine and the demonic The aristocratic is examined as her depiction of a conduct of life that is faithful to destiny The aristocratic viewpoint is in tune with eternity and places no obstructive morality between self and life Vitality has its source in direct access to the ocean of inexhaustible opportunities with which life presents us The world in her novel *Out of Africa* for example plays a key role as the consummate

illustration of an aristocratic culture The aesthetic guidelines for literary form as well as art as advocated by Karen Blixen are discussed and her view of art is similarly defined and explained as aristocratic Her private correspondence is drawn upon to shed new light on her life and work The Aristocratic Universe of Karen Blixen explores the confrontation between the different cultures and environments which are seen to limit and censure natural behavior while at the same time imposing upon humankind unnecessary notions of sin and guilt Analysis of her stories especially Babette s Feast and of her world view show how Karen Blixen maps out hostility to destiny this being a violation of Creation which is viewed as both divine and demonic Photographs and color pictures of Blixen s art work are also included **Presidential Anecdotes** Paul F. Boller,1996-10-03 Dramatic poignant hilarious and sentimental anecdotes about our presidents are as varied as the presidents themselves This new and revised edition of Presidential Anecdotes recounts some of the most striking stories about America s 42 chief executives from Washington to Clinton shedding light on the presidents as human beings and on the culture that produced them Shakespeare Survey Stanley Wells,2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback **Encyclopedia of the Literature of Empire** Mary Ellen Snodgrass,2010 Examines the world s greatest literature about empires and imperialism including more than 200 entries on writers classic works themes and concepts *A Writer's Eye: Collected Book Reviews* Welty, Eudora,1994 Although she is eminent primarily as the prize winning author of classic works of fiction Eudora Welty is notable also as an astute literary critic Her essays on the art of fiction and on the writers who enlarged the range of the short story and the novel are definitive pieces Her distinguished book reviews along with her critical essays augment her reputation for being one of the most discerning author critics in literary America This collection of her book reviews manifests the connecting of her penetrating eye with her responsive intellect in forming sympathetic judgments of the books she reviewed Between 1942 and 1984 Welty wrote sixty seven reviews of seventy four books Fifty eight of these appeared in the New York Times Book Review and others in the Saturday Review of Literature Tomorrow the Hudson Review the New York Post and the Sewanee Review The reviewed books include novels short story collections books of essays biographies and memoirs books of letters children s books books of ghost stories photography books books of literary criticism and books of World War II art Over nearly half a century she reviewed books by some of the foremost authors of her time Virginia Woolf William Faulkner V S Pritchett Colette Isak Dinesen E B White E M Forster J D Salinger Ross Macdonald Patrick White S J Perelman Annie Dillard Elizabeth Bowen and Katherine Anne Porter A Writer s Eye includes all of Welty s book reviews even one published in the New York Times Book Review under the pseudonym Michael Ravenna Sixteen of the reviews were collected previously in Welty s The Eye of the Story 1978 In this collection Pearl Amelia McHaney s introduction records the history of Welty s career in book reviewing and illuminates the honesty and compassion with which Welty wrote reviews Welty s keen vision her wit and her refined style make these monuments to interruption a phrase she wrote in description of Virginia Woolf s essays and reviews

an important record of her literary standards and special interests. They show as well how book reviewing consumed a large measure of creative time that she customarily devoted to fiction writing. Placed beside her authoritative critical essays, this volume enhances Welty's considerable literary stature and completes the image of Eudora Welty as a consummate woman of letters.

Agnes Heller and Hannah Arendt Ángel Prior Olnos, Ángel Rivero, 2018-09-30. This book reconstructs through texts by Agnes Heller and international scholars a timely conversation between Hannah Arendt and Heller on the malaises of modernity. This valuable work will be appreciated both by academics and students interested in social and political philosophy in addition to the wider public curious of intellectual history. Both Arendt and Heller are great thinkers with the ability to enlighten the great moral and political problems of our time. Although these two great figures belong to different generations, the dialogue reconstructed here provides a fuller picture of the demise of the great totalitarian forces of the twentieth century. Both Arendt and Heller in a sense accepted the burden of understanding the evils of their age. It is however Heller by addressing the perennial problems of modernity posed by Arendt who makes this conversation possible, illuminating the problems of this century.
