

Alien Encounters

Background: In their year 2000, scientists at the SETI Institute and the University of California, Berkeley, announced that they had discovered a signal from a distant star system. The signal was a series of pulses, and the scientists believed that it was a message from an alien civilization. The signal was discovered in 1995, and the scientists announced their discovery in 2000. The signal was discovered by the SETI@home project, which is a distributed computing project that allows people to search for signals from alien civilizations using their home computers.

Assignment: Write a story about the alien encounter. Use the information you have learned about the signal and the scientists' discovery. Write a story that is at least 100 words long. Use the information you have learned about the signal and the scientists' discovery to create a story that is at least 100 words long.
