Claim:
There are different aquatic systems with diverse organisms.

Evidence	Reasoning/Justification
Aquatic ecosystems have abiotic - temp, light, salinity, depth	Different organisms can tolerate different factors
Some organisms prefer fresh water vs. saltwater. Bull sharks + manatees tolerate both	Bull sharks and manatees are very different, but tolerate same conditions
Depth reduces light and increases pressure. Organisms deal with this differently.	Many types of adaptations exist to survive in these conditions
The geography of an aquatic environment can determine the life forms present.	Continental shelf gets lots of light, so there's many living things. Not so in the abyss.
Photosynthesis takes place in the neritic zone.	It is the most productive area of the ocean. Plankton are base of food chain.
Metabolism is affected by temp. Many species are cold-blooded.	Organisms can migrate or must have adaptations to survive.

Hollywood or History? Thomas E. Malewitz, Adam P. Zoeller, 2023-01-01 Teaching and learning through Hollywood or commercial film and television productions is anything but a new approach and has been something of a mainstay in the classroom for nearly a century However purposeful and effective instruction through film is not problem free and many challenges accompany classroom applications of Hollywood motion pictures In response to the problems and possibilities associated with teaching through film we are developing a collection of practical classroom ready lesson ideas that might bridge gaps between theory and practice and assist teachers endeavoring to make effective use of film in their classrooms We believe that film can serve as a powerful tool in the social studies classroom and where appropriately utilized foster critical thinking and civic mindedness The NCSS College Career and Civic Life C3 framework represents a renewed and formalized emphasis on the perennial social studies goals of deep thinking reading and writing Our hope is that this edited book might play a small role in the larger project of supporting practitioners specifically 6-12 teachers of social studies and world religion content by offering a collection of classroom ready tools based on the Hollywood
