Angela Merkel A Chancellorship Forged In Crisis:

Angela Merkel Alan Crawford, Tony Czuczka, 2013-08-05 Shortlisted for International Affairs Book of the Year in the Paddy Power Political Book Awards 2014 Angela Merkel was already unique when she became German chancellor the first female leader of Europe's biggest economy the first from former communist East Germany and the first born after World War II Since 2010 the debt crisis that spread from Greece to the euro region and the world economy has propelled her to center stage making Merkel the dominant politician in the struggle to preserve Europe's economic model and its single currency Yet the Protestant pastor's daughter is often viewed as enigmatic and hard to predict a misreading that took hold as she resisted global pressure for grand gestures to counter the crisis Having turned the fall of the Berlin Wall to her advantage Merkel is trying to get history on her side again after reaching the fundamental decision to save the euro the crowning achievement of post war European unity Merkel has brought Europe to a crossroads Germany's economic might gives her unprecedented power to set the direction for the European Union's 500 million people What's at stake is whether she will persuade them to follow the German lead Angela Merkel A Chancellorship Forged in Crisis is the definitive new biography of the world's most powerful woman Delving into Merkel's past the authors explain the motives behind her drive to remake Europe for the age of globalization her economic role models and the experiences under communism that color her decisions For the first time in English Merkel is fully placed in her European context Through exclusive interviews with leading policy makers and Merkel confidants the book reveals the behind the scenes drama of the crisis that came to dominate her chancellorship her prickly relationship with the U S and admiration for Eastern Europe Written by two long standing Merkel watchers the book documents how her decisions and vision both works in progress are shaping a pivotal moment in European history

Summary of Alan Crawford & Tony Czuczka's Angela Merkel Everest Media, 2022-02-28T21:04:00Z Please note This is a companion version not the original book Sample Book Insights 1 Greece was the pivotal challenge of a chancellorship forged in crisis Faced with economic and financial turmoil stemming from Greece which threatened the euro Merkel was forced to adapt and balance external demands for greater action with domestic political constraints on doing so 2 When she became chancellor Merkel took over a Germany that was struggling to adapt to the challenges of globalization She brought the rigor of scientific analysis she'd learned in the physics laboratories of East Berlin and Leipzig to problem solving of an economic and financial nature 3 As the euro crisis ravaged Greece Merkel was heavily criticized for her lack of support but she stood by the country and saved the euro on her terms She became Europe's de facto leader but with resentment of her newly assertive Germany growing it was far from clear whether the rest of Europe was prepared to share the journey to her final destination *The Century of the Emerging World* Paul Dobrescu, 2017-05-11 This book explores how the first decade of the 21st century was nothing short of les ann es folles The impressive growth rate of emerging economies changed the crisis ridden world in a very short time and in the early 2000s the emerging world's weight in the global economy was 38% now

50% This statistic confirms the political reality of the century of the emerging world The monograph shows that the long term tendencies inaugurated during this decade represent a silent revolution as significant as the fall of the Berlin Wall and the collapse of the Soviet Union and this will lead to a geopolitical reconfiguration hard to envision right now **Leadership Styles in the European Council** Martina Vass,2025-02-03 Using the example of Werner Faymann Dalia Grybauskait Angela Merkel Viktor Orb n and Mark Rutte the book examines the impact that the European Council s environment has on leadership styles and the impact of leaders on the institution s decision making during the financial and debt crisis the Ukraine crisis and the migration crisis 2010 2016 It presents domestic factors affecting the choice of leadership style nationally finding cooperative styles are best suited to the European Council as its structure relies on negotiated consensus The European Council s environment has three effects on leadership styles and decision making socialisation towards cooperation compromise making and Europeanisation The book provides an in depth insight into how leaders behave among their peers behind closed doors **Circle of Stars** Dermot Hodson,2023-01-01 A compelling new history of the EU and the people who sought to shape and challenge it from Maastricht to today The European Union is the most ambitious and one of the most contentious international organizations ever created Decisions made in Brussels shape the lives of over 500 million Europeans and its laws and policies resonate around the world But how has the EU endured over three turbulent decades marred by crises at home and abroad In this major account Dermot Hodson traces the development of the EU from its establishment in 1993 through to Brexit Covid 19 and the invasion of Ukraine Hodson shows how the union has been held together not by faceless technocrats but national leaders who stood together in times of turmoil despite a fierce backlash from a new generation of right wing populists Circle of Stars offers a rich appraisal of Europe s troubled past and turbulent present focusing on the people who built the EU as we know it today *German-American Relations in the 21st Century* Klaus Larres,Ruth Wittlinger,2020-04-22 German American relations have become interesting again U S President Donald Trump s lukewarm policy toward Europe has ensured that the relationship between Berlin and Washington is once again regarded as an important field of scholarship within global politics And yet it was only a few years ago that German American relations seemed to take second place to transatlantic relations in general and the European Union EU USA relationship in particular The advent of Donald Trump as US President in January 2017 has made all the difference Trump s difficult personal relationship with German Chancellor Angela Merkel and his denigration of everything the Western world including the USA itself has stood for since 1949 have given a new significance to German American relations in practice and theory This volume offers an empirical and conceptual analysis of German American relations in the 21st century and highlights the serious and perhaps unprecedented challenges the two countries face at present The authors discuss a number of aspects of the current much more fragile state of German American relations from different perspectives This book was originally published as a special issue of the journal German Politics **The Mighty And The Almighty** Nick Spencer,2017-04-13 For

a secular age we have a lot of religious politicians Theresa May Vladimir Putin Angela Merkel even Donald Trump all profess Christianity as did Obama Brown Sarkozy Bush and Blair before them Indeed it is striking how many Christian Presidents and Prime Ministers have assumed the global stage over recent years In spite of Alastair Campbell's oft and misquoted line 'We don't do God' it seems like we definitely do But how sincere is this faith Is not much of it simply window dressing for the electorate paste on haloes to calm the moral majority Conversely how dangerous is it If we elect our politicians to do our democratic will do we really want them praying to God for advice The Mighty and the Almighty looks at some of the biggest political figures of the past forty years from Thatcher and Reagan through Mandela and Clinton to May and Trump and looks at how they did God Did their faith actually shape their politics and if so how Or did their politics shape their faith And does it matter if it did In an age when religion is more important on the global stage than anyone would have predicted fifty years ago this book will tell you everything you want to know and some things you won't about how the Mighty get on with the Almighty

Index, 2009 **Executive Presence 2.0** Sylvia Ann Hewlett, 2023-11-07 In this updated and expanded edition of her celebrated book *Executive Presence: The Missing Link Between Merit and Success* one of the world's most influential business thinkers reveals the qualities essential to leadership in our fast-changing post-pandemic world Some are timeless confidence decisiveness some are brand new the ability to command Zoom and all are game-changers Nearly a decade ago economist Sylvia Ann Hewlett cracked the code of executive presence EP Drawing on complex data and in-depth interviews with senior executives from sectors as different as finance and fashion she demonstrated that EP is a potent mix of gravitas communication and appearance *Executive Presence* became a classic Translated into seven languages it's helped tens of thousands of ambitious accomplished professionals to fast-track their careers Chuck Robbins CEO of Cisco and Thasunda Brown Duckett CEO TIAA are among the leaders who recommend this book for any up-and-comer seeking to rise through the ranks and do something extraordinary with their lives But EP has evolved Black Lives Matter the MeToo movement and a global pandemic have changed the leadership equation But how To answer that question in 2022 Hewlett embarked on a second round of quantitative and qualitative research targeting seasoned leaders and thirty-something-year-old executives at the cutting edge of the new economy fin-tech gaming media Her findings are timely as new executives find their feet in a post-pandemic world Hewlett demonstrates that in 2023 leaders worldwide seek to promote high-performing men and women who

exude confidence but also project authenticity and inclusivity They re also intent on advancing those who excel at leading remote teams and demonstrate a command of social media It s no coincidence that Eddie Glaude Amanda Gorman and Gustavo Dudamel are stars of this new edition of Executive Presence and the usual suspects Hewlett s most potent message ten years ago and now is that EP is eminently learnable You don t need to have the voice of James Earl Jones the communication skills of Steve Jobs or the athleticism of Michelle Obama to ace EP You merely have to arm yourself with the tools and tactics contained in these pages [DE Magazin Deutschland](#) ,2015 **The World Guide** ,2007 *News Brief* ,2006 **The Parliamentary Debates (Hansard)**.
